N. Carolina, Southern Baptist Convention, met in Louisville, Ky., to awake us unusually early, and we prepared for the ceremony.

"Irene Ward was wedded to John Hall at 10:30 E.D.T. on April 10th. Mrs. Frank H. Loavell, "Papa" Charles Mowery, Mary Louise Hamburger, Mary Rust, and Miss Mildred P. U., for which officers are elected.

But, of course, the convention goes far beyond the spirit of reverence. "It is the little building built around the tree, the room where we assembled," avowed Mary Gilmour Rust, "Anstitute, a college, having the faculty take-off. commencement, Studio Night programs, faculty meetings, and the boys' swimming meet last year."

"At 7 was given a practical demonstration of the science of tennis. Bill Coleman won 3-0."

"Across from the hotel, about a quarter of a mile distant, is a lake where a small, six-wheeled car is used for the forest and church services."

"The Bible study followed, led by Dr. McGowan."

"You, John Hall Jones, the former Irene Ward, and George H. Bowles, who graduated from Rice in 1919, were the half of some senior students attending the convention."

"The Carolina moon rose that night in all its glory, but the moon is too far away to see in the South."

DO YOU INHALED?

Certainly...

7 out of 10 smokers inhale knowingly...the other 3 inhale unknowingly

Doyou inhale? Seven out of ten smokers

without realizing it. Every smoker breathes

in some part of the smoke he or she draws

out of a cigarette.

Think, then, how important it is to be

certain that your cigarettes smoke is pure

and clean—to be sure you don't inhale
certain impurities!

Do you inhale? Lucky Strike has dared to

raise this much-needed subject because

certain impurities concealed in

the finest, mildest tobacco leaves are

produced by Lucky Strike's famous purifying

process. Lucky Strike created that process. Only

Lucky Strike has it.

Do you inhale? More than 20,000 physicians,

after Lucky Strike had been furnished them for

testing, their opinions on the smoke's

smokability, resulted in 98 percent of them

reporting to the Thistle tests.

It's toasted.
