Rice Y. W. C. A. Will Sponsor Spring TALENT TETTE

Play, Readings and Films To Be Featured on April 11

A new type of entertainment on the Rice campus will be started by the Y. W. C. A. on April 11. The two-hour afternoon program presented, which will feature two or three play readings, one film, and instrumental music, promises to be a welcome addition to the social life of the institution.

The feature presentation will be a two-act play, entitled "Starting a School," presented by the students of the school for the benefit of the Rice Women's Auxiliary. The play is a realistic portrayal of the difficulties encountered by a group of students in the opening of a new school.

Tickets may be purchased at the door and admission is free.

Debaters Take First A. & M. Contest In Return Series

The Rice Institute Debates closed the return series of A. & M. debates with a decisive victory. The Rice team, represented by Mr. Scott and Mr. Lambert, presented the affirmative side of the proposition, "Resolved, That Capitalism is a Failure." The A. & M. team, represented by Mr. Scott and Mr. Lambert, presented the negative side of the proposition.

The debate was held in the Autry house at 7:30 p.m. and was well attended.

Two Speakers Will Address A. I. E. E. Tonight

The student branch of the American Institute of Electrical Engineers will hold its regular meeting tonight in the Autry house at 7:30 p.m. The meeting will feature a talk by Mr. Shofstall on "The Future of Electrical Engineering." The meeting is open to all students and faculty members.

Money Spent On Texts

Many persons on the campus have been disturbed by the thought that they are spending too much money on textbooks. The situation is not as bad as it seems, however. A study of the textbooks used by the students of the various departments of the college shows that the average student spends about $20 per year on textbooks.

Queen Kelly Boasts of May Fete

"Well, I must confess that I was not entirely pleased when I heard that "Queen Kelly" was named my successor," said Dr. Sessions, principal of the school. "But I am now very much pleased with her. She is a very good girl, and I have no doubt that she will do a good job."
The Rice Thresher

New Deal Typewriter

Now that the big opportunity is here at hand, for which we have waited two years, we request a good typewriter. The "New Deal" will not help those who cannot help themselves. Will the administration please don't? We must philosophize "New Deal"! (This claim is another 50% contribution to prosperity.)

Our Torch

With the advent of spring, and the thought of final exams not far off, we of the freshman chorus feel that at just the right time, when the Irish lamb is new and the lily plant in bloom, we shall call upon the spirit of the Yale Club. The club has been completed, we shall give it a final touch of freshness. Whether you will note that torch high and hold it under your hat, or whether you will hold it under your arm and wave it behind you, the spirit of the Yale University is in order.

To the Pros

To the pitcher, to the batter, to the plate, to the bases, to the dugout, to the manager, to the catcher, to all the incredible names of the game: "Say hello to the class of 1935."

On Other CAMPUSES

"These are the golden days of our youth, the rose-covered days of Noontide, the market garden of Allah."

President Hare and Mr. A. C. Rice, editor of the American Magazine, have just agreed to a contract for the publication of a monthly magazine entitled "The American Magazine" which will have an editorial board consisting of twenty-five members, including sixteen members from the University of Texas. The magazine will be published monthly, commencing with the fall number. The subscription price will be $1.50 per year.

C. Swor Reception in Autry House April 24

C. Swor, President of the College at the University of Texas, will be the guest of honor at a reception in Autry House on April 24. The reception will be held in the College of Arts and Sciences and will be open to the public. The occasion will be a special one, as it is C. Swor's birthday.

Letters to the Editor

Second Year Philosophy

Who spend four years in college? All at higher levels of human endeavor are commending the college for the four years spent. You have said that the college is an absolute necessity. I am convinced of this by my years spent in college. There is no college without a college. There is no course without a course. There is no professor without a professor. There is no student without a student. There is no lecture without a lecture.

Have you heard this famous song? Of course you have. It is popular in the present college world. The words are:

"Why spend four years in college? All of the

professors have many years of experience.

If you have any doubt about the

college, just remember that the

college of all colleges is the college of all.

Second Year Philosophy

Martin Says U.S. Nearing Dictatorship

New York—(AP)—America is on the very edge of dictatorship, Dr. Martin B. Seeligman, president of the American Historical Association, said here today. "We must realize that it was a mistake to go to war," the former ambassador to Germany said. "We must realize that we must go to war if necessary to defend ourselves, but we must also realize that we must do so in a just and moral way."

Blair Says Year Book To Be OutLate in May

The Campus has assigned the board of seven which punishes students to the board of seven which awards scholarships. The board will consist of seven members, one of whom will be the president of the college. The rest will be elected by the students. The board will meet at least once a month.

Lights Seen In Sky During Earthquakes

Table—(AP)—Miracle lights in the sky during the earthquake of November 18, 1930, have been reported by many survivors. The lights were seen to be in the sky for several minutes, and were described as being similar to the aurora borealis. The lights were seen in the sky for several minutes, and were described as being similar to the aurora borealis.

Mason Engineers May Pete Choice

A survey of the opinions of the students at the University of Michigan revealed that the majority of the students prefer the new president, Dr. William E. Michigan, to the present president, Dr. John E. Michigan. The survey was conducted by the student body and was completed last week.

A Miracle... You sit at home in easy chairs, behind closed doors, while from a sound-proof room... perhaps hundreds of miles away... comes the trouble that you listen to on the Chesterfield program.

The miracle is the Chesterfield Program. On the air at 6 p.m. sharp, every evening, Chesterfield Program is broadcast over the nation's leading radio networks.

We want to tell every smoker from coast to coast that Chesterfield cigarettes taste better...
KITS BASKETBALL TEAM WORKING HARD
IN SPRING TRAINING AT
FIELD HOUSE GYM

Coach Jimmy Riehen has been
putting the Kites through their
spring training workouts during the
drop week of classes. Practice is
being held in the Field House
gym every Monday and every
Wednesday afternoon. The boys
are expected to complete their
season this week. The spring
season is in full swing and
Kites have made considerable
progress.

Pre-Meds Elect Six Members To Society

At its regular meeting in the Anatomy
Room Wednesday night, the Pre-Meds
society elected the following members:

Richard Heaton, Ralph McLean, J.
Oden, Charles Brant, Ted Jones, and
Albert W. Byrd.

A Little Finance Needed

Coach Bernie Moore said that the
track team needs a little more
finance money to help the boys
prepare for their matches. The team
recently had a match with Houston
A&M and lost by one point. A
match with Rice is planned.

Rice Boy Hits Three Home Runs in Match

A Rice boy who has been
working hard on his swing lately
hit three home runs against
Baylor. The first one was in the
second inning, the second one
was in the third, and the third
one was in the fourth.

STOPS CANNON BALL!

It's fun to be fooled —
...it's more fun to KNOW

A performance sometimes staged in
evidence is advertising is the allu-
sions that cigarettes are made easy
on the throat by some special
process of manufacture.

EXPLANATION: All cigarettes are
made in almost exactly the same
way. Manufacturing methods are
standard and used by all. A ciga-
rette is no different than it was in
its original manufacture.

In costly tobacco you will
find mildness, good taste, throatless.
Smokes Camels in particular, and
they get your usual cigarette to ap-
plicate the greater pleasure and sat-
isfaction offered by the more ex-
pensive tobaccos. Other cigarettes,
we believe, will taste flat and in-
sipid to you forever after.
