It is light in color and body, and is milder than the Burley used for pipes.

These are the kinds of home-grown tobaccos used for making Chesterfield Cigarettes.

A long and interesting program was included in the Masonic Luncheon held recently in the South Dining Room of the Hotel Rice.

Standing and interesting programs the afternoon included Rollo Moyer, Doris Beaman, and Mary Jane Davenfield. They were of all ages, sizes and sexes; and were so numerous that it was difficult to climb as well as dangerous.

Methodist Day Will Be Observed Friday

On Friday, November 6, Methodist Day will be observed by the Rice students in the Assembly House. A speaker will be in the Assembly Hall at 2 p.m. The speaker will be a Methodist and will make a contribution, however small it may be.

An event which the students have already contributed to the drive which has been going on for some time, will be the sale of stamps. The money collected will be used to build a new building for the Methodist church.

Shaw University, a school with a long and notable history, has decided to add a new building to its campus. The new building will be a memorial to the late President Shaw, who was instrumental in the founding of the university.

The University of Texas at Austin will also be holding a similar event to raise money for a new building. Students are encouraged to participate by purchasing a stamp for $1.
