The Rice Band

In this issue there is printed a letter from an old Rice graduate and one of the organizers and boosters for the Rice Band that we have. He is in T. V. Tebello.

He has written this letter in an effort to make more incentive for the band by giving the students the opportunity to be really interested in the band. He feels that the students are not really interested in the band. He was at a meeting of the band and was really interested in the band.

In order that he may get the interest that he needs, he has written this letter to the band. He feels that the students are not really interested in the band. He was at a meeting of the band and was really interested in the band. He feels that the students are not really interested in the band. He was at a meeting of the band and was really interested in the band.

The Rice Band

The Rice Band is a very important part of the Rice University. It is the only band that is organized by the students themselves. It is entirely under the control of the students. The band is not permitted to raise funds by band promotion.

The Rice Band has been very successful in its work. It has made a great deal of money for the university. It has been very successful in its work. It has made a great deal of money for the university.

Rice is picked to beat the Aggies by a little matter to settle from last year. The scores were off a little, particularly because writer picked all winners but some of the Rice were 27, Aggie 31.

Next Saturday's Games

Texas (1-0) vs. Tech (0-1) at Fort Worth, Texas.; Rice (2-0) vs. A. & M. (0-1) at College Station, Texas.; S. M. U. (1-1) vs. Lane College Station.

The Texas Razorbacks, practically unbeatable for the last two years, have a team that should win because of their passing attack. That hefty Porker line will make it hard for the Rice opponents to stop the Pony running attack. That same number of touchdowns that are the best team. Billiard is about the only weaponless except for their passing attack. This is the first season such a situation is practical and gives Tech a chance to show how they would win.

Bowie Continental Bank

The story goes that Tech's biggest threat would be to stop the Rice in their hearts because of the little matter to settle.

The Houston run Friday at the Majestic, is a very fair method. Sport scribes' recommendations necessary to receive the prize of a change is brought up and will lie considered when the time to watch for the rest of the season and the next.

Prominent Pledge

It has been stated or rather suggested from various 'sources that Ray McGugin was in France. McGugin, who has enjoyed one of the longest coaching staffs in the country, will adopt a "mother" and it is Patsy whom he has committed. She and the "other" have been involved in a scandalous murder case.

Players Without an "Evelyn Prentice"

This new Columbia film presents Powell as "Evelyn Prentice," co-starring with Walter Connolly and Roger Pryor in support.

Metroplis

The story is concerned of occidental Chinatowns, are pirates, who is carrying on a deadly campaign. This new Columbia film features Carole Lombard and May Robson, with Walter Connolly and Roger Pryor in support.

This is the first season such a situation is practical and gives Tech a chance to show how they would win.

Wear a Double Breasted!

VOU don't have to be built like an all-American tackle anymore to wear a double breasted suit well. Great strides have been made in designing them this season. Coats are longer: coat fronts are softer: and general lines are better. There is nothing that makes one look better dressed than that, makes one feel so important. There's a surprise waiting for many who used to think they couldn't wear one. Let us prove it to you - come in.

On main in Kuhl.

Fair enough—

We tell you that Chesterfield Cigarettes are made of mild, ripe tobaccos. We've told you about the paper—that it's pure and burns right, without taste or odor. We have said that Chesterfield are made right. The tobaccos are aged, then blended and cross-blended, and cut into shreds the right width and length to make a perfect cigarette. These things are done to make what people want—a cigarette that's milder, a cigarette that tastes better—a cigarette that satisfies. You can prove we told you about Chesterfield. May we ask you to try them—that would seem to be fair enough.
