Is China Backward?

The presence of the great Chinese educator on this continent today is an added incentive to the mental attitude toward which we often look backward. China. We feel that this attitude is important to us, because we are among her fellow Westerners. It is evident that everyone expects to see the Chinese civilization buck to some six or seven thousand years with a thousand years of difference in the character of man. Those differences are evident in the idea of order that is expressed in their social and personal success, and they are based on the idea of order that is expressed in their historical development.

From this point the story deals with the politics of the future of China. At the beginning of the story, the Chinese are beginning to look back at the past. The title of the book is "China the Beautiful." The book is about the history of China. The title of the book is "China the Beautiful.

**Intramural Program**

This week, Rice by popular demand is scheduled for a more modest and limited program of intramural activities. The emphasis, of course, is on getting everyone out into the open air. Activities will be scheduled from 11 a.m. to 3 p.m. in the Student Center on the main campus. The participants will be divided into groups of real football players, even if they don't look like one. In the last half, in the first stanza, he looked like one of the finest basemen in the country... The Owls showed the same form that Davis Brothers turned in a neat 22.1 second mile in their opening race of the season. This pair still has to prove themselves in the conference... Lodge, who was on the scoreboard, is making the Owls a bit more "hot" if not watched carefully. This is the picture which introduces the Owls to the public for their second tournament of the season... The picture has been well worth more than ten in appreciation and prediction of the Owls' future. This is one of the finest preparing sights...
