Anlncular to the growing of the
student's vocal and dramatic ca-
capabilities in the Academic Year

For the first time in the past de-
cade, the Rice men have won the
championship of the Southwestern
Conferece. The Rice team con-
tained nine players, five of whom
had never played in a basketball
match before.

Student Opinion?

What Thresher opinion again? Probably no topic is so frequently discussed in Thresher offices and halls as that of the student opinion. We feel that we have no student opinion. Our purpose is to publish the opinions of all students. Whatever everyone else thinks, we think that we have no student opinion. We are not affected by anyone's opinion, even when our students tell us that they are not affecting us. We consider that everyone's opinion is equally important. We believe that the student opinion is important, but we do not know what it is. We do not decide what students want to know, and we do not decide what students want to hear.

Student Opinion is.

This week we have decided to discuss another topic: The Thresher's opinion.

The Thresher's opinion is the opinion of the Thresher. It is the opinion of the Thresher's editor. It is the opinion of the Thresher's staff. It is the opinion of the Thresher's readers. It is the opinion of the Thresher's advertisers. It is the opinion of the Thresher's advertisers' clients. It is the opinion of the Thresher's advertisers' clients' clients. It is the opinion of the Thresher's advertisers' clients' clients' clients. It is the opinion of the Thresher's advertisers' clients' clients' clients' clients.

The Thresher's opinion is.

Why Stoop?

This is the annual Junior edition of the Thresher. This paper probably noticed the difference. So we have tried to put out as good a paper as possible without trying to impose any class ideas on anyone. But at this point we feel justified in talking about ourselves.

For one thing, we liked the Sophomore editor, who dealt with a matter worthy of better treatment. The Sophomore editor protested, as best we could, that no American can ever get so easily. This week we are accepting the advice of a Sophomore editor. We hope that no American can ever get so easily.

**Spring Trials for Professors**

By NANCY EYES

Each year a trio of mutualistic money making projects is sponsored in the interest of increasing the welfare of the students and the University itself. The best of these projects, the Spring Trials for Professors, was held this year.

**Metropolitan**

Along with a personal appearance of the Four Miss Brood, of which Miss Marianne Headly was the star, was the appearance of The Modern English Denim Co. and its dashing advertisement in the form of a well-dressed man. The film is an up-to-date story of Shakespeare's love affair with Nell Gwyn.

**Palm Beach**

The refreshing coolness and light weight of Palm Beach suits add to the fun of the fun for which you are wearing them... to say nothing of the kick you get out of knowing that, in spite of your comfort, you look smart and tailored. Few folks know what a variety of Palm Beach models there are: open shoulder coats with room for a 250 yard swing, shirred and belted backs. Trousers full cut. In checks, plaids, herringbones and white. All tailored smartly by Goodall. A splashy showing at your clothier's.

**Magazine, Wire, Boston, and White Line as Team**

At 8 o'clock Saturday, April 12, at the Rice courts, the doubles team of M. E. Rice and R. B. Aggie will play the doubles team of D. J. Boston and C. E. White Line. The match will be a battle that has been in the past. The A and W team appears stronger than ever yet, with Rice in a very light complexion for the year and Boston in a very strong one, the match will be exciting. If the A team wins, George Rice may win the title of the A and W team. George will probably make him a candidate in the next matches. It is said in order to win the title, the A team must win the next three matches. It will not be easy to make a good team in the next matches. It will make one think of deep thinking.

Rice and A&M Stage Dual Meet at Rice Field Today

**BY REYNOLDS:**

The University of Texas and Texas A&M University will meet on the Rice University track this afternoon for the first time in the history of the conference.

The Owls, with their second place finish in the Southwest, will meet heavy favorites over the Aggies. The Owls will have the quarter mile, will run that event and the third one of their opponents. The Owls, with one of their one two against L. S. U last week, will have the quarter mile, and win that event and another of their opponents.

In the javelin throw and weight events, the 440-yard relay and the mile relay, Wiechert, Rice sophomore, who cleared 13 feet three inches last Saturday, will be favored over Parker, the Aggies' discus. This team will find tough competition.

Besides these stars A. and M. will have none of Glenn Harden, track star, of the Owls' cause. The Owls' cause.

---so far as we know tobacco was first used about 400 years ago---

Archery Test Underway At Field House

---throughout the years what one thing has given so much pleasure...so much satisfaction

---this afternoon the Governor of North Carolina says to the Governor of South Carolina---

"Have a cigarette"

TODAY people all over the world use tobacco in one form or another. They chew it, they smoke it in pipes, they smoke cigars and cigarettes, and here is what an eminent physician said about cigarettes:

"I have been the object of civic, and it is my belief that they offer the mildest and purest form to which tobacco is used."

Yes, nowadays the cigarette is the most popular form in which tobacco is used. A good cigarette certainly gives men and women a lot of pleasure.

---for another thing---they taste better.
