Spring Election Set For Monday

Rice Royalty Will Rule Over French Court Of Second Empire Saturday

Robert Kingsland and Queen Roberts Woods Will Hold Spotlight at Annual Spring Festival.

Their Majesties King Bob and Queen Rob's Woods will hold court for the Rice students on the campus on Saturday afternoon. Those in attendance will be entertained with musical numbers, courtly dances and games of all kinds.

Tuesday, May 1, will be the date of another court, the French Court of Second Empire, with King Bob and Queen Rob's Woods as its royalty.

BAND CONCERT POSTPONED TO MONDAY MAY 6

Mary Ann Oberholzer Will Be Featured with Scott's Orchestra Thursday May 2

The Spring Concert has been postponed from Friday May 3 to Monday May 6. The concert will be held at the Student Center, and will be sponsored by Scott's Orchestra. Mary Ann Oberholzer will be the featured soloist.

Chemist Will Talk On Soap Here Tonight

James W. McBain is International Authority on Organic Colloids.

Professor James W. McBain of Stanford University will give a lecture tonight (May 3) on "Soap" to the Rice Chemical Club. Professor McBain is internationally known for his research on individual colloidal soap molecules. This lecture is sponsored by the Rice Chemical Club and the Rice Student Council.

Nazi Consul Addresses German Group

Dr. Wendell Speaks of Germany as a "People Without Room."

Dr. Wendell, German consul of New Orleans, presented the official statement of the German government to the German 4th class of the Rice Institute last Tuesday. He said that under the new constitution of the German republic, the same rights and protection will be enjoyed by all Germans, regardless of race, religion, or political affiliation.

A.S.M.E. Sees Texas Gulf Sulphur Plant

Mr. Pound Carries Twenty-Two Students Through Engineer Examination

The A.S.M.E. Committee visited the Texas Gulf Sulphur Company plant in Beaumont, Texas, last week. Mr. Pound, the chairman of the committee, reported that the students were given a complete tour of the plant and were able to observe all phases of the operation.

Freshman Party Thursday, May 9

In the Student Center, the annual freshman party will be held on Thursday night at 8:30. The party is sponsored by the Student Council and the Freshman Class.

Pi Delta Phi Officers Are Elected

Mildred Bennett, Gladys Marie Dee, and Robert E. Johnson were elected officers of Pi Delta Phi on Thursday night. Mildred Bennett will serve as president, Gladys Marie Dee as secretary, and Robert E. Johnson as treasurer.

Young Germany Learns To Think Through Its Hands

by Edward Price Bell

The importance of education in the life of a person lies not only in the knowledge and skills it imparts, but also in the development of critical thinking skills. Education is not just about memorizing facts, but about fostering a mindset that encourages inquiry, exploration, and reasoning.

We can easily anticipate the sighs of those who argue that education is merely a means to an end. However, the true value of education lies in its ability to transform the individual, to equip them with the tools necessary to navigate the complexities of the world. It is a path that, no matter how winding, eventually leads to a broader perspective.

The dissipation of hydrogen ions is an essential part of the normal life of the cell. The German government, in its recent pronouncements, has sought to dissipate the misconceptions of the past and to embrace the principles of democracy and social justice.

We are living in a time of unprecedented change, and education is the key to navigating this uncertainty. It is through education that we can prepare ourselves for the future, to equip ourselves with the knowledge and skills necessary to adapt to new challenges. Education is not just an individual endeavor, but a collective responsibility, one that requires the participation of all members of society.

We must remember that education is not a privilege for the few, but a right for all. It is a tool for empowerment, for breaking down barriers, for creating opportunities. Education is not just about the acquisition of knowledge, but about the development of critical thinking skills, the ability to reason, to question, to analyze.

We must celebrate the contributions of those who have dedicated their lives to the pursuit of knowledge, to the advancement of science and society.

We, as educators, must strive to be true to our calling, to impart knowledge, to inspire, to guide, to challenge, to encourage, to nurture.

We must remember that the true value of education lies not in its material outcomes, but in its ability to transform the individual, to equip them with the tools necessary to navigate the complexities of the world.

We must continue to fight for the right to education, for access to knowledge, for the freedom to think, to question, to explore.

We must remember that the true value of education lies not in its material outcomes, but in its ability to transform the individual, to equip them with the tools necessary to navigate the complexities of the world.

We must continue to fight for the right to education, for access to knowledge, for the freedom to think, to question, to explore.

ARTICLE II
Section I. Two members of the Senior Class shall be appointed by the Student Council to act as Balliffs on election for the purpose of conducting the orderly procedure of the election.

Section II. No member of the Student Council and neither of the two Balliffs shall be candidates to an office to be elected by the Student Association at this election.

ARTICLE III
Section I. No campaigning or soliciting shall be allowed within the limits of the campus during the election.

Section II. Any student who violates ARTICLE III, Section I, shall receive under the jurisdiction of the Student Council.

Section III. Any publication, bill, circular, or any other form of hand bills issued in connection with any political campaign shall be signed by the issuer, author, author, or editor.

Section IV. A violation of this article shall be considered a breach of the Honor System.

An Invitation
Continuing its policy of seeking for student opinion on various matters, THE THRESHER submits this questionnaire clipped from the files of the PURDUE EXPONENT. We will compare the results of the part of the questionnaire submitted a short time ago with the results of this and a questionnaire that will follow...

In Force? If Not—Amend!

GENERAL ELECTION BILL

Section I. No candidate for election to any student office and his supporters shall expend more than twenty-five dollars ($25.00) directly and in the account of the student body.

Section II. Every candidate for election to an office to be held by the entire student body, shall, during the term of the office, deliver a detailed statement of all expenses incurred by the student council and submit a detailed statement to the office of the Student Council and his statement shall be published in the yearbook of The Thresher next succeeding election.

Section III. A valid statement of the candidate shall not constitute a breach of the Honor System.

Section IV. Any candidate who makes such a valid statement or who fails to deliver such a statement within one week from the time the candidate was appointed or elected to the position of the Student Council shall be rendered ineligible for office for a period of one year from the date of such offense. In case the candidate securing the largest number of votes in the election is thus rendered ineligible, the elections being next eligible by the larger number of votes shall be declared elected and in case all candidates are declared arrested and rendered ineligible, a new election shall be called not later than ten (10) days.
Van Gundy
In Address To Engineers

Texas Co. Chemist Speaks of "Development of High Speed Lubricants."

At the last meeting of the Engineering Society, Mr. L. C. Van Gundy, the chief chemist for The Texas Co., spoke on the subject of "Development of High Speed Lubricants." Mr. Van Gundy said that lubricants were used in almost every industry and talked about the need for a more durable lubricant.

One day I was eating my angel-food cake which was just covered all over with cream. I always say that any man's man would have to do when he came to himself.

I want to say that any man's man would have to do when he came to himself.

I think I must have been dreaming. They say I killed my mother.

To engineers, Mr. Van Gundy said, "The modern, fancy way is to ring their necks. The modern, fancy way is to ring their necks."

The youth of Houston...

They say I killed my mother.

One day I was eating my angel-food cake which was just covered all over with cream. I always say that any man's man would have to do when he came to himself.

I think I must have been dreaming. They say I killed my mother.

Dr. Wendler has also kept the government.
