"Ugliest Man" Issues Sweeping Challenge

Following the example of the University of Chattanooga, which produces an annual "ugliest man" contest, the students at the University of Texas recently issued a contest of the most 'ugliest man' on campus in their annual "UGLIEST MAN" issue. The contest, sponsored by the Associated Students Press, is open to all students on campus.

"I think that you have a good chance of winning," said Prof. John L. J. Berliner, the head of the Associated Students Press, "but I must warn you that you are in for a tough contest. The competition is strong, and I expect to see some really ugly men enter the contest.""

Again against Irriatation—Again against Cough

"Luckies hare been my cigarette for

months. They're always good to the

throat, and taste so much better than

other cigarettes that it seems to me

this 'Toasting' process is a real idea.

Yes, a light smoke like Luckies rates

very high with both my throat and

taste."

An independent survey was made recently

among professional men and women—lawyers,

doctors, lecturers, scientists, etc. Of those who said

they smoke cigarettes, more than 70% stated they

personally prefer a light smoke.

Mr. Grant verifies the wisdom of this

preference, and so do other leading artists of the

radio, stage, screen and opera. Their voices are

their fortunes. That's why so many of them

smoke Luckies. You, too, can have the throat

protection of Luckies—a light smoke, free of certain

harsh irritants removed by the exclusive process

"It's Toasted". Luckies are gentle on the throat.

Cary Grant says:
