Miron Delivers Fourth Chem. Society Lecture

Under George III, a box was passed containing the two of pearl, oozy and other handy facts. The Miron delivered his lecture to the students, who were particularly interested in the subject, for they noticed a special number of "Musings" devoted to the subject. The Miron, president of the Bro, thanked the branches of the student societies for their attendance and invited the students to the evening, where they would be on the program.

MOVING PICTURES OF GOLDEN CATE BRIDGE SHOWN TO STUDENTS

The Golden Cate Bridge Corporation, a prominent group, showed a moving picture of the Golden Cate Bridge, a new bridge that was to be constructed over the Missouri River. The show was well received by the students, who found it an interesting and informative presentation.

THIRSTY STUDIES CAN SEE THISTLE-PITHECANTHRUS

By Dr. Robert S. Miron, Director of the Rice University, Department of Biological Sciences

The students at the University of Texas have discovered a new species of thistle, Thistle-pithecanthus, which has been successfully cultivated in the laboratory. The discovery was made during a study of the effects of various chemicals on plant growth. The students were able to grow the thistle from seed, and they have since been able to produce large quantities of the plant.

COTTON BOWL BID ALSO DEPENDS ON MUSTANG CONTEST

By Dr. Robert S. Miron, Director of the Rice University, Department of Biological Sciences

The football season is drawing to a close, and the Cotton Bowl bid is becoming more and more important. The team from Texas has been working hard to prepare for the big game, and they are confident of their ability to win.

LEAGUE AGAINST WAR

The American, although less vocal about the League Against War and Peace, will hold its first week's anniversary dinner tomorrow night. Making a step toward the dissolution of the organization, that for the moment at least the League Saturday will publish in downtown Baltimore a study of the war policy of the major nations. The council has called on its allies to boycott war or subscribe, but merely to call the attention of the buyers to the fact that they pay for defense purposes, in the most effective manner of democratic nations to prevent further support of Chino and other tariffists. General Hugh Johnson recently pointed out that an economic boycott would be most effective as it is, although it is in no way a substitute for a military action such as standing at the ready with a tank in its place. This has been the observation of the League, and it is hoped to achieve a more effective method of cutting off. Certainly, the adoption of the League, and to "curry wrath" in a subject until we see the end of the game, having settled down to a full

LUNN'S

The large city of the Texas Theatre, the American's largest theater, is about to take the plunge into the realm of the musical comedy. It is giving the original story by William Wrigley and Rozz Ross, with Sidney Blackstone, originally written for the Broadway and starring the famous singer, and with the musical direction of Ruston, the American's larges comic and the stage star about whom all the town's fountain pens were wetting the paper. It was the star of the popular Irving Berlin hit "On Your Toes," and he is now starring in "The Americanization of Emily," a musical comedy with a lot of songs and dances. It will open at the Texas Theatre on November 21, and will run for several weeks.

The game will start at 8:30 p.m. Rice students are asked to be seated in the stands as the game is going to be a rough one which the Lone Star will be fighting to the wire in its entire period.

The place was bright and all it was dim, and there was nothing more to see, as it was filled to the limit of its capacity. The Lone Star goal with his accurate passing showed at the beginning of the second period. Lee Blocker proved a second tackle; Matt Landry at the guard post, Arthur Hughes, tackle; Johnny Neece, another guard; Tom Vickers, halfback; and Bearden, fullback.

They met the Blue Streaks at the Sunday night, December 12th, when the Rice Owls cover and will start the game.

And the Rice Owls, with their fine passing and running, Ewing showed anything. The only scrimmage of the week ended. With these two teams, the Owls will have to keep their sights strongly in the possible exceptions of the Cotton Bowl, the Cotton Bowl, the Cotton Bowl...
The Rice Owls have one more chance for glory this year against Texas Tech. As the Southwest Conference east side stands, Rice can only see its prime spot to win the conference championship. The Owls have to beat two teams to get T.C.U.'s chance to swing up.

The Owls will come out of the West with a chance to play Oklahoma at the Cotton Bowl on December 4th. Arkansas and Texas are the big teams of the east side, but the Owls' performance this year proves that they can make a contest of the Cotton Bowl game.

Collegiate Digest—The All-Sunm Invest Council Team

The Rice Owls will face Texas Tech again this year, looking to get the cotton Bowl bid. They need to beat Colorado in the Cotton Bowl at Austin, while the Owls' performance will be tested this year against those teams they will face.

O'Brien, T. C. (T.C.U. Quarterback)

Rice Owls and Horned Frogs sitting on top. The Owls will go through the motions of revenge this year against those teams they are to get the Cotton Bowl bid.

The All-Sunm Invest Council Team

The All-Sunm Invest Council Team has been selected to play against the national champion this year. T. C. U. will beat Rice, and also give them back to the Southwest Conference.

As-for Johnie Cordill

Here they are: the Mikado, the Mikado's band. She goes on the field at the half, and the Horned Frogs' band follows. But when they read further, "Brown section," they conclude the section in which they want to sit.

The competitive scene was being played out in Big Springs, Tex., 21 Mexia, Tex., 2 Fort Worth, Tex., and 0 Mexia, Tex. Scores of the Southwest Conference teams were exchanged. Dec. 30, 1937.
