Japan today, would not enter into our policy. To
maintain isolation we would have to refuse to
subsidize and, being thus isolated, we should
produce the weaker nation. It is for this
reason that we consider the war to be the
onstrategic duel between the four gigantic
states which will probably have to be fought
throughout the world. While some call it a war
of President Roosevelt's, it is equally true that
President Roosevelt has been working all year.

An allianc of these nations with China's
strength and America's power would be as
powerful as a force for peace. Men, money,
and munitions are needed in every corner of the
world to fight against the enemy. The war
would be fought on every continent, and once
the nations of the world were convinced that
America would defend itself, there would be no
more impossible task to undertake.

It is a common saying that war is the
only way to settle the really big problems. It is
true that war is a method of settling disputes,
but it is also true that war is a method of
developing more war. If we can prevent war,
we can prevent the development of more war.

Showdown
FRANCIS COLLINS

Since we have all good little boys and girls, please do not spoil their fun. There are a few moments of enjoyment in the picture, but the scene looks of the movie as a whole are rather feeble. The scenes that are actual happenings are not entirely beyond the realms of imagination and are therefore amusing. However, the plot is a bit too theatrical in a sentimental way, and the acting is rather forced. In short, it is not a very appealing movie.

Fletch Valentine knows tobacco values...like so many other independent experts he smokes Luckies!

"I've bought 4,000,000 pounds of tobacco at auctions in the past ten years," says Mr. Valentine, independent buyer of Westfield, N. C., "and my brother and I are not interested in making the right bids. That's why I have to work for tobacco values.

"Now I've smoked Luckies ever since 1918, and the reason is, they suit my taste to a T. Nobody knows better than we tobacco men that Luckies are made for real men."

"And that's all... Luckies' exclusive promise, "It's Toasted" takes out certain irritants naturally present in all tobacco—even the finest! The result is that Luckies are the real Luckies not only easy to draw but also easy on your throat.
