SECOND FIELD HOUSE DANCE TO TAKE PLACE SATURDAY EVENING

FIVE GIRLS ARE NOMINATED FOR HOMECOMING COURT

Havana, Cuba, has been a haven for American students since Pernicious Anemia Treatment was first introduced here. In Havana, the disease is far less prevalent than in the United States, and many students have been able to continue their education without interruption. This, in turn, has led to the establishment of several institutions that specifically cater to the needs of students with Pernicious Anemia. Havana even has a special council, the Havana Pernicious Anemia Society, which was founded in 1960 with the goal of providing support and resources to those affected by the disease. In addition, there is a special committee responsible for the general welfare of students with Pernicious Anemia in Havana. This committee works closely with the Havana Pernicious Anemia Society to ensure that students have access to the necessary resources and support. The society and the committee are actively involved in advocating for better treatment options and increased awareness of the disease in Havana and beyond.

Sports Shoes

Rugged Material For New Spring Sports Shoes by Crosby-Square

There's style in ruggedness... if it is rugged enough... and the new season's sport shoes have been "tough"... sturdy... comfortable... masculine as hunting through rugged terrain. Ideal for campus and sports wear generally... for men who take their shoes seriously.

Sakowitz Bros.

Mansfield, Ohio

The Sakowitz Bros., a national mail-order house, is very proud to offer you this spring's newest fashions in men's suits and slacks. High quality, low prices—these are scientifically substantiated advantages; anything else you say about these suits proves that the Sakowitz Bros. have a nod to the public's welfare.
