Owls Can Escape Cellar by Victory In Dallas Saturday

Win Over Mustangs Will Move Above Frogs

Bob closes the southwest conference football season tomorrow afternoon at Dallas against the Southern Methodist University Mustangs. The lame season encounter will afford Owls sophomores a last opportunity to dig their squad out of the cellar, for we aren't over the North Texas Pioneers would have Texas Christian in depth by the weight of a half grade.

Coach Hicks has been working hard in the Belvedere combination to get his team a winning record for the season.

Girls' Club Hears Henrie Speak On Culture Of Voice

Rutie Hawkins, president of the Junior Club, opened with an interesting address on "The Voice" by an instructor from the department at Vanderbilt.

The Archi-Arts Ball will take place Saturday evening at the Arts Assembly of South Texas to attract business leaders.

American College Students Believe United States Can Stay Out Of War

Auston, Texas December 5—With the war crisis hovering in the air, the American College Student Group at the University of Austin, Texas, recently held a meeting to discuss the future of the United States. The meeting was attended by a large number of students and faculty members.

Although the issue is quite sensitive, the students expressed a strong belief that the United States can stay out of war. They emphasized the importance of maintaining peace and working towards a world of cooperation and understanding.

jury, head of the Production Unit of the University began a new phase of the clothing racket brought about by the return to the "Francis chest" but after this was said Mr. Poole turned from "the mundane thoughts."

The reason for this return to academic thought was to concentrate on this memory. The class leaned forward eagerly, their attention riveted on the instructor's every word. Mr. Poole explained that in order to get an insight into the workings of the machine, Mr. Lacey, explained the various parts of the machine and set himself to enable the students to understand how it functioned. The students were asked to keep a journal of their observations and to report them on the next morning.

The next phase of the machine's operation was the transmission of the pulse rate. Mr. Lacey demonstrated how the changes in breathing rate and pulse rate could be transmitted from the machine to Muchmorc and the latest state of the machine was reported on the floor. The students were asked to keep a journal of their observations and to report them on the next morning.

Mr. Lacey explained that the machine was designed to measure the changes in breathing rate and pulse rate and to transmit these data to Muchmorc. The students were asked to keep a journal of their observations and to report them on the next morning.

Gertrude Cohen Is Star of Howard's "The Silver Cord"

Second Performance Is Scheduled For 8:15 Tonight; Settings Termed Good

By Annie Ruth Barnett

The Dynamic Club presented the second major production of the season, The Silver Cord, before a rather small audience last night at Autry House. A second performance of this play was announced for Saturday at 8:15 in the same place.

Placing the role of the splendid "money-making" wife, Gertrude Cohen, turned in a splendid performance. Although the stage was not fully exploited, the acting was good throughout and the performance was well attended.

Rice Invades Dallas For Saturday's Contest

Took leave of each one with ‘the’ for several days in the making and through the starting position, he was glad to have this opportunity to go to Dallas.

At the invitation of the World’s Fair, he left the big city for the first time.

The game was expected to be played in the Dallas Coliseum.
