Have Wolcott As Contender

Students Required
To Pay Small
Gate Fee

By Bill Burns
If Captain Fred Wolcott had his way he would be able to arrange seven events at the Conference track meet here Friday and Saturday.

He has been coaching Bronte to try this super-sportsman undertaking long enough to test the 100-yard, both hurdles, broad jump, sprint relay, and the mile relay, although he has never run the last race.

Wolcott has this high-point in mind. If he is not able to control the running he is trying to help Texas by std.

in his seven events this year.

Bicycling facilities
will be available

the senior class top spot for Quinn.
Texas Harmony For Roosevelt
FRANKLIN DELANO ROOSEVELT, that great humanitarian and friend of the common people, as one of the designers of the New Deal, was honored last week in the City Auditorium, without one word, but he was given away none that he will for the third term, but the various political machines around the country are clinging to the Roosevelt bucking as steadfast and prominent conventions will in later years, and in Texas they do it in the name of harmony.

What seems to have happened is that the Democratic political leaders are endeavoring to make Jack Garner a Roosevelt, but they can not maintain him for to the event that the great humanitarian again, they will have a comfortable majority. It is not primarily the small men no one is to suffer for the extinction of the minor, as long as they have a reasonable chance of the national convention. It should appear that a Garner is often many of the, but they were instructed to support the major party of the denomination. It also followed a statement that the resolution passed was a "happy" one.

It seems to be true in the easy appearance of the Texas Democrats must expect Jack Garner to be the favorite son from Texas and to get for him would wash the local machine, and at the same time not so much to the movement and the development of the race should be particularly, would probably be elected. This harmony business in the big league is the big league. And anyone is to suffer from the March and harmony of the Texas Democrats, it is Jack Garner.

So should be taken in the face appearance of the Texas Democrats must expect Jack Garner to be the favorite son from Texas and to get for him would wash the local machine, and at the same time not so much to the movement and the development of the race should be particularly, would probably be elected. This harmony business in the big league is the big league. And anyone is to suffer from the March and harmony of the Texas Democrats, it is Jack Garner.
