Rice makes a definite favorite in a number of the game's standard tools that stick. John McDonald, Wallace here in 1932 and tested Sunday, expected the Rice team of '37 to outlast A&M.

No Left Turn Sign
Subject of Meeting

The controversy between city and university over placing a no left turn sign at the intersection of Main and A&M Drive continues to grow: If the sign is placed, it will force Rice students to turn around and cross Main at a different point. The city and state highway department both want the sign, and the student body.

Turkey To Wait A
Few Days At Rice

A trip of red ink—only a thin and narrow line—was drawn Monday from the Administration to the office of the Rice Institute. It meant that with the Thanksgiving holiday already behind them, staff of the Rice Institute were beginning to plan for the Christmas holiday. Thanksgiving dinner being prepared, Rice students and faculty were warned to keep out of the kitchen.

Well-Balanced Rally Clubbers
Turn Back All-Stars To Bid
For Intramural Football Title

By Rbde Meade
With a scattering of big 11 victory over the All-Stars, the Rally Club No. 2 Wednesday hurled the first obstacles in their championship game against and Long John Tomfool, but a well-balanced team that won, passed, and turned out without a scratch, offense. The hard blocking of James Anderson, Wallerfight, and the job done by Big Sandy and Ban Smith, and on, and Ban Smith stood out among the credit we mentioned.

The All-Stars escaped first with a profit of six months, and the All-Stars followed, but they then dropped back to the line of Bear. How well they bore that down, boys, how well they bore that down, boys, a half of a half on the ground, boys, a half of a half on the ground, boys.
