Blakemore, Kieschnick, Coburn Win

Nancy Allen Blakemore defeated Ann Turk for the vice-presidency of the student association by a vote of 385 to 348 on the run-off held Monday, Miss Blakemore, who entered the run-off with a substantial plurality, was elected vice-president.

Open Letter to the Class of '43

The prologue to the show is done. The play begins with the meeting of a group of old friends in the French balcony and inner corridor. The play, "Night Must Fall," is an English romantic comedy about a man who befriends a girl, then marries her after arranging a murder for her extermination.

Mardi Gras Theme For OWLS Ball At Junior League

A Mardi Gras theme will feature the Owl "party" when the League's French balcony and inner corridor will be transformed into the life pattern of a clever musketeer. Necessary decorations by staff artist Fred L. Amen, will provide atmosphere for the theme, which will be enhanced by further decorations.

Extravagant ideas of the affair is Elizabeth Potter, who heads general committee composed of Nancy Poole, Nancy Allen Blakemore, H. Hatch Harrison, and Peggy Neil. Williams, Special committee includes Vera Hope, Betty Albritton, Mary Nettles, Robin. H. H., and Florence Anderson, Window: location, Carrola Lafargue, Bow Burcham, publicity, Margaret Morrison, Joyce Winning, Mary Jo Powell, Janet Rogers editor, Frances Miles, Nellie A. Jane Lee; decorations, Molly Alexander, Elizabeth and Frances Woolsey, Mary Wink and P.D. Whitcomb, Mary Salsbury; tickets, Jackie Murphy; Nancy Allen Blakemore, Nancy Taylor, orchestras, Margaret Wilson.

Separate Poll

The question of a separate engineering ballot box, voted two weeks ago by Council and blocked by an administration memorandum requiring two class officers on each poll, was referred to a committee composed of John Leedom, Lloyd Davis, and Nell Poolo in Council meeting Thursday. The committee will report April 25 after having spokesmen, members said.

Attended by five members of the group, the meeting proceeded with a discussion of student council progress under the presidency of Lloyd Davis, who will graduate early in May under the new acceleration program. At his graduation Friday, Nell Poolo will assume the presidency of the body.

Probable starting line-ups:

Franke, Sheehan
Rogers, Pulver
Jennings, Jr.
Poundaway
Hill
Miller
Roester
Barnes
Nelson
Calley
Mann
Garrison

Dormites Hosts AtOpenHouse Tomorrow, 1-3

Informality is the keynote to the open house being observed by all three dormitories tomorrow from 1-3 p.m. No individual invitations are being extended, but all students, parents, and friends are urged to visit the residential halls. "The boys in the halls are expecting a big turnout tomorrow. We hope everyone will turn out, and bring their parents and friends with him," was the statement issued by the Men's Dorms.

The open house will be complimented by a performance of Emlyn Williams' psychological drama, "Night Must Fall," opening Wednesday, April 15 at 8:15 at Assembly Hall, presented as a three-hour show.

From Gas Small, Chemists Told

By Robert Scherrer

Dr. Frank W. Jessen, engineer in the Chemical Warfare Service, told the American Chemical Society Wednesday night that there is little, if any, of the deadly nerve gases that were能让 from hedges at a distance of only a few hundred feet.

He discussed non-persistent gases such as phosgene and the persistent nerve-gas mustard gas. He said that the latter development in the use of mustard gas is very promising. The mustard gas is very stable and persistent, and has been known to stay on for six months under a blanket.

R and Quill Honors Staffs Wednesday At Annual Banquet

More than 100 staff members of the Thresher, Campus and Owl will be honored Wednesday night at the annual banquet of R and Quill, honorary publications society. The banquet, to be held at the Lion Hotel, begins at 7 p.m.

Ingersoll Kelly Road, Bob Knox, and Pat Nicholson are to present more than 40 society awards to be given them and Business Managers Manoie Overholtzer, Laurence M.J., and Austin Wilson by Dean H. B. Weil, Knox, Bill, and Quill president, will preside.

Intramural Track Meet Postponed

The intramural track and field meet set for tomorrow afternoon has been postponed until April 25 when the Field House said last night.
**Music**

By Edd Payne

Although the music season is drawing to a close, there are a number of activities to look forward to. Monday the Houston Symphony Orchestra will present its final program. The program will be under the baton of Maestro Ivanov, and will include works by Beethoven, Franck, and Schoenberg. The performance is at the Harris County Auditorium at 8:00 PM.

**Letters to the Editor**

**Dear Pat,**

The question of an engineering faculty and students is clearly a problem for the whole student body. We should consider the issue carefully before making any decisions. It is important that we have a faculty that is well-versed in the latest technologies and can provide our students with the best possible education.

**Sincerely yours,**

Bill Miller

**1942 Aggie Game Moved to Houston**

The 1942 Rice-Texas A&M game has been moved to Houston, and will be played at Rice Stadium. This move is due to the limited seating at the Rice Track.

**Club News**

ASME members were present at the annual p-e senior picnic held Sunday at Mr. Oberle's home in League City. The picnic is open to all students and will feature a game of croquet and a barbeque.

**On Alert**

Hall To Pass Up 440 At Triangular Meet

Coach Emmett Brunson will take 21 men to Austin for a triangular meet with the Texas Longhorns and the Louisiana State Tigers Saturday. The Rice squad features a star-studded cast, with four men who are individually capable of picking up 30 points or more. Captain Marvin Old Hall, who holds the conference record in the 440, will not run the short event, but will run the 100 and 220. After looking at the order in which the events will be run, Brunson decided that Hall would be able to enter both these shorter races and would have a chance of picking up a possible 10 points in the two events instead of a maximum of five if he ran the 440 only. Hall will also run on both the sprint and mile relay teams with Neath, Cummins, and Mattingly.

Billy Christopher is favored to win both the broad jump and the high jump, and will run on the 400 and possibly the mile relay team. Bill Cummins, versatile sophomore, will be entered in five events, the high and low hurdles, the broad jump, pole vault, and the sprint and mile relay teams with Hall and possibly the mile relay teams.

Christopher Favored

Billy Christopher is favored to win both the broad jump and the high jump, and will run on the 400 and possibly the mile relay team. Bill Cummins, versatile sophomore, will be entered in five events, the high and low hurdles, the broad jump, pole vault, and the sprint and mile relay teams with Hall and possibly the mile relay teams.

Everett Nominee
For Presidency OfBaptist Group

Billy Everett has been nominated to president of the city-wide BSA, according to an announcement from the local leaders.

WASH AND GREASE $1.50

Buying a loss and a tie to show for their first two starts against Tulane and Durant (Okla.) Throchers, the tennis team will play LSU here at 2 p.m. Saturday on the varsity courts.

Captain Jack Rodgers, who defeated Tulane's Earl Bartlett two weeks ago to keep his record for singles play this year unblemished, will meet either Bernie Jacob or Bill Umstadter in the number one singles match. Umstadter, who was national indoor junior champion in 1941, held out competition last year because of a broken vertebra.

For the feature doubles in which Rodgers will team with Bill's left-handed sophomore Bay Chadland to play the top LSU combination of Fonseca and Kettle, Budapest Bradley and Jimmy Whitehurst, who will play the third and fourth singles spots for the Owls will tackle Umstadter and Jack Landre in the other doubles match.

Shocking! Massingill Declares

With many an anecdote showing how easy it is to get into a shocking situation in a power plant, Jennings Massingill, senior electrical engineer, entertained the Raw AIEE branch last Monday, discussing his troubles and the success his engineering work on the Gulf Coast.

Billy Everett has been nominated to president of the city-wide BSA, according to an announcement from the local leaders.

The final banquet of the group will be held May 3 in Galveston.

Defense Courses In Varied Fields Open on Campus

Five campus classes in defense work were begun here this week, under the direction of S. H. Van Wambreck and A. J. Hartsook. The classes are held Monday through Friday from 7 to 10 p.m.

Three of the courses are in chemistry: (1) Water treatment and corrosion, which deals with analysis, control and treatment of industrial waste water, with completion of freshman college chemistry or its equivalent required; (2) Electrical engineering, which is a review of chemical principles and problems; completion of freshman college chemistry or its equivalent required; (3) Industrial stoichiometry, which is a review of chemical principles and problems; completion of freshman college chemistry or its equivalent required.

The course in chemical engineering deals with reaction engineering, which is the study of chemical reagents and their rate of reaction. It was submitted to an AIEE judging committee at Columbia, Mo.

Checks For Space In Yearbook Due

Campus officials asked Thursday that remaining organizations to be represented in the yearbook pay their bill for space as soon as possible. Checks are to be made payable to "The Rice Campanile" and given either to Business Manager J. Gayle W. Harman, or

Civilian Danger—Continued from page 1

Snow. Leukolite has the advantage of containing atomic oxygen, which enters the bloodstream more rapidly than any other substance. Mustard gas affects the body instead of merely on the point of contact, as does mustard.

Non-persistent gases are used to clear an area of gas quickly. The new method is to have two nurses, one in each of the undergraduate dormitories, who are notified by telephone. They clear the area and make the patient comfortable.

A special class for women students taking drafting and drawing as a course. The course is held Monday through Friday from 8 to 10 a.m.

In Yearbook Due

The nine men, recently elected to membership, representing various fields of study, are in charge of the yearbook. The bill for space is to be paid by December 15, 1941. The yearbook is to be published in the spring of 1942.

The senior girl receiving the most votes in the senior class will receive the "A" Honor Society Award. Selection of Kieschnick was made by the faculty and students.

Unscientific Bed Making Preferred

By Annie Laurie Harp

Red Cross courses in home making are all very fine for Rice girls, but we've found one person doesn't appreciate them as much.

At least, Mrs. Mildred W. Wells, of 1923 Harvard, is of the opinion that the old-style method of bed making is to be preferred to the hospital style taught her daughter, Dorothy. Mrs. Wells, in talking to Mrs. K. Allan Sheshet's home making class, noted the practical advantage of the bed turning over on one's back. She pointed out the advantages of the new method, which is largely inexplicable. Mrs. Wells pointed out the advantages of the new method, which is largely inexplicable. Mrs. Wells commented that the old-style method of bed making is to be preferred to the hospital style taught her daughter, Dorothy. Mrs. Wells, in talking to Mrs. K. Allan Sheshet's home making class, noted the practical advantage of the bed turning over on one's back.

Night Must Fall—Continued from page 1

Benta, playing the part of Olivia, and comparison to Mrs. Bramson, was last acclaimed by Rice students as Cindy Low in "Our Boys Goody". More recently, she appeared in the Little Theatre's production of "The Mystery of the Yellow Room".

Two Newcomers

Mrs. Bramson is played by Mary Kingwell Smith, who has done professional and amateur work and who is well known to Houston play goers for her numerous Little Theatre roles. John Pedon plays the part of the octopus hunter and Estelle Evrind plays the part of the nurse to the old woman. Both are newcomers to the Rice stage.

Get Your ARROW Shirts and Ties at BYB'S MAIN AT PAR

ARROW DOES THINGS FOR YOU!

No small help, in the social situation is an expertly filling Arrow shirt. Arrow Shirts are MITAG-oat to give you a proper fit, and the stamped-for-label insures that fit (fabric shrinkage less than 1%). In the newest patterns and your favorite collar models. Gets yours today!
