Basketball Move

Cabaniss Gives Reasons for Move From Coliseum to High School Gym

By Billy Markey

Weldon Cabaniss, business manager of athletics, has announced that the Friday night "Back to Back" basketball games will be moved from the downtown Coliseum to the new high school field house on Scott Street near the University of Houston campus.

Since the change was announced the University has received considerable comment concerning the ability of students to reach this new site more or less conveniently and under what conditions of gas rationing. In answering questions on these points Weldon Cabaniss has made the following reply:

(1) That it was practically im-
possible to continue to hold the games in the Coliseum because the necessary labor could not be secured to meet attendance and construction of the press box, bleachers and hardwood floors which are essential to the use of the Coliseum.

(2) The high school field house (a) for about one-half the cost of the Coliseum, and (b) under conditions which, although they have not paid its way at the Institute, is something that simply should be continued.

(3) He pointed out that the transportation problem will not be appreciably increased because the House will be on the same street and the coliseum is only a half-block away.

Freshmen Face December Exams

The much-heralded December exams will begin for the freshmen next Tuesday morning, December 15, and will continue through the 20th. All freshmen and transfer students will take examinations in these examinations, the first formal ones in which they will be subjected at Rice.

It is the feeling of the faculty that the students in this group need more or less study material and it is hoped that they will complete their exam schedule, his year, before tomorrow night.

February Seniors Eligible to Debate

Eligibility for the national radio debate contest to be held later in the year has been extended to include up to six undergraduates who plan to graduate in February, it was announced by J. D. Thomas, sponsor of the contests at the Institute.

Any students interested in the contest should see Mr. Thomas in the English office before Monday afternoon.

Baptist Toy Drive Ends Wednesday

The Baptist Student Union will continue its drive for broken and old toys into this week, as it was announced Thursday by officials of the group. Any complete or broken toys are asked to bring to the office of the BUU in Autry House before Wednesday.

All BUU members are requested to come in and contribute cash in the repair and painting of the toys.
**Soldier to Civilian**

The following editorial appeared in the November 24 edition of the Texas, weekly publication at Ellington Field, edited by Sgt. Bill Roberts. The following is a list that it may teach some of us—"civilians"—and its worth reading.

**THE "POOR" CIVILIAN**

It's a high time some of you understanding soldiers pour out your sympathies in the Po—Civilian category.

In saying "poor" civilian, we were dividing the civil ranks into two classes. It was intended. There is the ordinary civilians, who's a pretty safe guy, and the "poor" civilian, who needs sympathy.

The "poor" civilian is the unfortunate creature who must travel 50 miles an hour to work. He just doesn't have time to start early, so he got in the defense of his country that he must waste precious rubber. This is the guy who probably wastes precious time on the job, too.

The "poor" civilian is the fellow who must face the overwhelming cost of higher living and higher prices. He doesn't get things cheaply, as we do. No, no—he's forced to pay twice as much for articles he couldn't afford at half the price before the war.

The manner of the "poor" civilian can't escape the "social circles of civil life," as we can. He is forced to stay out late every night, burning gasoline—so much that we all are forced to take a big cut in our supply. He doesn't have a protective carfare, as we do, and so they make him stay out late each night, paying exorbitant prices for such essentials as liquor, setups and night club entrance fees. After a few drinks he is forced to hurter through the streets on protesting rubber, in order to get enough sleep to fit him to do a halfway job the next day.

Yes, he's forced to waste rubber, time and money. How can he afford to buy his books, when Scotch has gone up two or three dollars a quart? How can he travel 35 miles an hour when his job is 20 miles away and he has only five minutes to make it (He'll be able to get these sentences, as he is living in the serious life and work and the war when the draft might get him at any moment? (Let's hope it doesn't)—we can't use the "poor" civilian in the Army.)

Yes, fellow—the "poor" civilian needs sympathy. Something like a good foot in the mouth.

---

**Honor Code**

December examinations have arrived again. In studying and preparing for them, we must continue to realize the importance of Scholastic standing and of the policy of fair play and consideration that is one of Rice's greatest traditions—The Honor System.

To uphold this tradition, one needs only to follow the rules of the System, which have been explained in full to everyone already at the start of the year. To avoid misunderstandings, however, we will aid you in recollecting and of the policy of fair play and consideration that is one of Rice's greatest traditions—The Honor System.

CABRORN—Continued from page 1

The Canterbury Club has been holding election of officers this past week. Dick Colman, president of the group, announced Wednesday, and balloting will continue through Saturday.

All members who have not voted are requested to deposit their ballots in the box provided in Salley.

The results of the election will be announced at a luncheon next Friday.

EBLS Meet PALS Tonight in Gym

The OWLS turned back the Independents 19-4 last Friday night in the second round of the girls' basketball while the PALS were breezing to a 25-9 win over the Girls' Club. In a nightcap game, the PALS Reserves defeated the EBLS in a fast-moving game.

The third round will begin tonight at 7:30 in the field house with the EBLS meeting the PALS in the large gymnasium and the OWLS tussling with the Independents in the small gym. In the nightcap, the PALS Reserves will play the Girls' Club at 8:30 in the large gym.

The Thresher

Entered as second class matter, October 17, 1940, at the post office in Houston, Texas, under the act of March 3, 1879. Subscription price—by mail, one year 85 cents payable in advance.

Editor—Jim Hargrove

Business Manager—Virgil Harris

Associate Editor—Jess Bussenger

Sports Editors—Tenny Scott, Charles Fitzgerald, Tom Coor, Dorenda Hale.

Music—Henry Hogan, vice-chairman; Mike Sible, publicity chairman; Betty Davis, and Ginger Sogers have been selected to head the activities.
