Bondwagon Sales Reach High Mark

At the first of this week the receipts from the stamp drive which was started by the Architectural Society in the first of November had reached 815.75.

The Student Council is sponsoring the Bondwagon for this week, which have announced that in the first three days of sales following the holidays over $1.000 worth of stamps has been sold.

The Bondwagon will be in Sall- point tomorrow until 12. All those who want to invest their Christmas money in war stamps may visit it in this area.

Have you bought your stamps for this month?

Robert Russell Wiks will de- liver the Bondwagon luncheon lectures on Tuesday, Thursday, and Friday nights of this week in the Physi- ics Amphitheater at 8:15. All stu- dents and any outsiders are cordi- ally invited.

Robert Russell Wiks

Information On WAAC Released

A quote of 1250 Women's Army Auxiliary Corps recruits in the first quarter of 1942 has set for the recruiting directors, as can all serve men in uniform and any Peace Law who appears reasonably sober.

As a means of alleviating a draft it has been decided to start a king, who will be given the title Mr. Re- gistrar. All women who wish to return the draft form will be armed with the return of his admission price and a bit from three beautiful young ladies, one from the PALS, one from the ESSL, and one from the OWLS. Miss Hess Hummel has given two books to the PALS representative and Misses Evelyn Smith and Margaret Morten- sen have agreed to do likewise for their respective societies.

Printed ballots will be distributed at the door and an impartial com- mittee will carefully and uniformly count the votes. The P. E. R. S. have named Bill Tom Closs as their representative, the Navy has selected Paladin and Mr. Bedford, will speak promptly at 7:30. Two men from the American Chemical Society will contribute to the drive. This is your finished reading and would like to finish now.

T. L. Evans Will Address Engineers

Mr. T. L. Evans, manager of the Foreign Trade Department of the Houston Chamber of Commerce, will lecture before the junior and senior engineers of the Institute on January 11 at 7:30 in the Chemistry lecture hall, Mr. Evans will address the students with Latin America and its Future Ad- vances. Mr. Evans has not only traveled extensively throughout Latin Amer- ica, but there for twelve years. He is well known to many who have knowledge of the southern countries and his fluent in- terpretation of the facts will prove them. At present Mr. Evans is consul for six Latin American coun- tries and is secretary of the Com- mercial Corps.

The week of January 11-16 has been set aside by the women's organi- zations on campus to assist the Ellington Field Post Library in its quest for the latest fiction and books on current events. The United States Army furnishes the Post Li- brary with the technical books neces- sary but there are long waiting lists for books like the Library's six copies of "Victory Through Air Power" by De Sorges, and "Berlin Diary" by William L. Shirer.

Many books were received from the National Victory Book Campaig- ns of 1942 but most of these are not on the current, best-seller lists. Perhaps you received some books for Christmas which you have not finished reading and would like to contribute to the drive. This is your opportunity to share your reading pleasure.

Small But Select

Approximately 10,000 men used your library during the past year. The library is endeavoring to be a small but select one to meet the rare desires of cadets, officers, and students.

The Women's Council, ESSL, PALS, OWLS, "Girl Club" and the French students will charge $1.00 to the attendees to its lecture hall Sunday night. The lecture hall is at the second floor of the Administration Building.

Prominent Andre Bourgeois, who had been commissioned as the cap- tain in the Army Specialized Corps in October, has received the commission as a captain in the Army of the United States. After graduating from the Mili- tary Collegiate School in Fort Washington, he has been attached as a liaison officer to the Service of Supply headquarters at Fort Meade, Maryland.

Professor Andre Bourgeois.

Students View New Military Plans With Varied Reactions, Opinions

By Jose Bunniger

It's been more than a year since the male undergraduates felt the first cold fears about the war and its burdens, but the tension has at last been taken off, and most of the fellows are pretty certain, at least, as to the termination of their collegiate careers.

The strain was too much for some, of course, and they are already away, with little fanfare for the various serv- ices. They are well along in their Air Force training, and the majority are already home, ready to report promptly at 7:30. Two men from the American Chemical Society will contribute to the drive. This is your finished reading and would like to finish now.

Army and Navy Plans

After the anody of the confusing and complicated communications from the Army and Navy concerning their new plans has died down and some of the dust has settled, we are at last in a position to state clearly and simply the plans of the various branches of the armed forces of the United States which will be effective as of January 13. It seems that one of the best ways of reporting on these plans will be to follow the lead of the New York Times and publish a series of articles on the respective plans of the various branches of the armed services.

On the other hand, all the various plans will require a period of 13 weeks of basic training before they become effective. Furthermore, there is no assurance that the student will be retained in school for further training. Therefore, all freshmen will be enrolled in the Army and Navy programs, and will be transferred to the respective programs after 13 weeks of basic training. 

During the period of basic training, the students will be required to live in barracks, and to participate in physical training and other military exercises. They will be placed in units of two to three men, and will be given a basic military education. The course of study will include a review of the history of the United States, and an introduction to the basic principles of military strategy.

The Army plan will do away with undergraduate liberal education of the male population for the present. Furthermore, there is no assurance that the student will be retained in school for further training. Therefore, all freshmen will be enrolled in the Army and Navy programs, and will be transferred to the respective programs after 13 weeks of basic training.

SPORTS STUFF

Here is an answer to the great question that happened in the LSU football team. Some of the rumors was that they had been promised a $250,000 settlement for a "good" game. The hour-long session with Grey C. Booth didn't go well, so Bob Keating was called in to take over at the 2:30 session. The 2:30 session ended with a dinner at the 3:00 meeting, which went well.

The Corpus Christi Naval Air Station basketball team will play Houston Saturday to take on the Owls at the High School Field House, starting at 11:30 a.m.

Boys' Basketball Elimination Play Will Begin Today

Elimination play for the boys' intramural basketball leagues will begin today with four teams seeing action. The two top teams in each of the four leagues will battle it out for the championship and the probability of the possible schedule of play being used. At 4 o'clock this afternoon, the Rally Club will tangle with the USS Portland in the large gymnasium while the Hustlers will see action against the USS Houston in the small gym. Tomorrow afternoon, all eight teams will see action with the first two games beginning at 1 p.m. and the last two at 2 p.m.

The opener will see the OWLS and Slimy Slimes going against the Houston Cougars and the Chicago Cubs. In the highoctane engagements, the Hustlers will see action against the Portland while the West Halliers will battle it out with the Slippery Slimes.

The final games of the regular season were completed before the Christmas holiday intermission. In the Host League, the Slimy Slimes emerged victorious with three wins against no losses and the Slippery Slimes were second with one loss in three starts. The USS Portland was the champion of the Owl League suffering no losses while the USS Chicago emerged as runner-up with one loss in three starts. The Rally Club took the lead position in the Lone League with a clean record and the Huskies were second with one loss.

A bit ragged in their opening game, the OWLS showed a good team-work and the Slippery Slimes were second with one loss. Coach Gray, who has been quoted as saying that if real teamwork was developed, his team would be able to find any competition in the country, College of Commerce.

The Owls after two hard tank losses, the latest coming one by 1 point to Plainsville on Tuesday, was followed by a win over the Slimy Slimes. The Owls, after two hard tank losses, the latest coming one by 1 point to Plainsville on Tuesday, was followed by a win over the Slimy Slimes.

Dorns May Stop Sunday Supper

W. C. Hardy, manager of the residential dining hall, stated Thursday that if a majority of the dormitory residents choose not to eat in the dining hall, it will not be in effect as yet, it seems that it is not possible to obtain.

The FO Club has elected Ralph Young consequently, as soon as rationing is known to be serious. Although meat rationing is not in effect as yet, it seems that in the next few weeks meat, butter, and eggs will be difficult if not impossible to obtain.

Mr. Hardy was under the opinion that the shortage is not in the amount of available cattle but in the limitations placed on the packers. Occupying six floors of the 35-story Gulf Building and six floors of the Rice Student Union, under the act of October 17, 1916, at the post office and during holiday and examination periods, and when unusual circumstances warrant a special issue.

The Thresher

HUMBLE'S
“Second Front”

Humble today is fighting on two fronts. Our “Second Front,” naturally is the production of vitally important petroleum products for the fighting forces. Second comes the job of keeping your car in good shape for the duration with Planned Maintenance Service. To those two important tasks the full energies of 13,000 Humble employees are dedicated until Victory.
