Class of '44 scheduled to be held tomorrow night from 9 till 1. Bill Klischon, former class president, has organized the Army Air Corps, arrangements for the Prom were held in the hands of vice-president Mike Lamy Lee, and secretary-treasurer Jimmy Beall, until Bryant Bradley was appointed by Student Council last week.

The answer has some indication as to whether the dance should be held with the proper pupil and circumstance, with considerations heavy for a modified affair since a number of boys were present. The class was expected to be called by the Army Air Corps, but will serve as a token of intent.

Tomorrow night from 9 till 1, '44 Junior Prom, the dance called by Bradley at the Autry House February 11th, definite and final arrangements were made for an "all-out" affair. Plates were brought in favor of giving the Prom to the effect that inasmuch as many seniors are enrolled next year, there will be limited to half of the possible guests. The dance might be the one last worthwhile occasion.

"All Out" Affair
At a meeting of the Student Council for the dance called by Bradley at the Autry House February 11th, definite and final arrangements were made for an "all-out" affair. Plates were brought in favor of giving the Prom to the effect that inasmuch as many seniors are enrolled next year, there will be limited to half of the possible guests. The dance might be the one last worthwhile occasion.

Vacancies in three student offices at the Lane Institute were occasioned by the incumbents being placed on promotion this week, creating quite a shortage on the part of Student Council as it regards weekly meetings.

Two of the offices wanted were: editor of the Campam, second-tenor tenor of the junior class, and sophomore representative to Student Council.

Realizing that Starke Taylor's discharge from the post of editor of the yearbook would cause a distinct change in the staff in the work, resulting in a delay in the publishing of the Campam, council voted to retain him in his present position.

Two New Waac Centers Opened
The opening of two new Women's Auxiliary Corps training centers, and the stated Thursday, February 20th, requirements of trained Waac's to take posts with the Army, have accelerated the enrollment plan for the Waac's in this district.

Institute Band Due to Disband
The Institute Band will probably discontinue for the duration of the war. The band has come under the control of a d business manager of the organization, announced Monday, and a meeting will be held next Friday night, at which time officers will be elected in order to perpetuate the band, so that it can perform when desired. The idea for dissolving the organization started when a number of the members, including Raymond Kauffman, business manager up to that time, were called into active duty with the Army Air Corps.

WAVES, SPARS Doing Men's Jobs; Specialized Operators Are Needed
By Nell Ranson
Members of the WAVES and SPARS are doing as much of a man's job as any riveter or welder at Lockheed. Every woman who trains in these trades and takes under an essential shore job replaces a man for the Corps.

Listed will be placed in the following places Monday morning: engineering bulletin board, chemistry bulletin board, library bulletin board, and the Mess Hall. Signing a list will bind anyone to the party, but will serve as a token of intentions.

The assessment for the Banquet and Ball will be made in the same way as for the dancing. The February Final Banquet. Senior girls are a part class, and the juniors in the senior classroom to escort them to the affair. The assessment for the Banquet and Ball will be made in the same way as for the dancing. The February Final Banquet. Senior girls are a part class, and the juniors in the senior classroom to escort them to the affair.

For the price of the assessment if one of the couple is a senior, regardless of whether or not it is the boy.
CONSTITUTION OF THE HONOR COUNCIL

Article I
The honor system shall be governed and controlled, under the final control of the President of the Institute, by a body of representative students to be known as the Honor Council.

Article II
The duties of the council shall be to govern matters pertaining to the honor and welfare of the school as a whole.

SECTION 1. The Honor Council shall be composed of nine members, including the chairman, four from the senior class, three from the junior class, and two from the sophomore class. The chairman must be a senior during the term of office.

SECTION 2. The Council shall be a self-perpetuating body throughout the school year.

SECTION 3. The Council shall have the power to create any offices that may be needed within said offices to be created by a majority of the council.

SECTION 4. In any case touching the honor of the student body, individual or as a whole, a signed report or accusation shall be given to a member of the Honor Council. The signed report shall be kept by the member, unless requested by the Dean of the Institute to turn it over to the President of the Institute. The members of the Council in whom the report is given shall forward a copy of the same to the chairman of the Council, who shall read it at a meeting of the Council in the presence of the accused.

SECTION 5. The formal reading of the report must come at least one week before the trial.

SECTION 6. At the trial the accused will have the right to bring in evidence or witnesses to prove his innocence. The witness must be in a position to present evidence bearing the case in hand.

SECTION 7. The decision in the case shall be rendered after the withdrawal of the accused and the witness from the meeting. Such a decision must be rendered in secret session.

SECTION 8. The accused to be found guilty must be voted in by every member of the Council; in other words, the verdict must be unanimous.

SECTION 9. The penalty for the offense shall rest with the Honor Council. In order to avoid a penalty to be determined, three-fourths (7) of the Council must concur.

SECTION 10. Immediately after a decision has been reached a copy of it must be sent to the President of the Institute, and three days after reciept of the same, unless the President disapproves, the decision shall be made known to the accused and any sentence assessed shall go into effect.

SECTION 11. Any amendments to this constitution, concerning the activities of the student body, shall require a three-fourths majority of those voting in the election in which the amendment was placed.
Life in the WAAC

Some questions and answers of interest to every patriotic college woman

The drilling sounds so strenuous—!

Nonsense! The most beautiful women in America today are the girls in khaki! Some calisthenics and drilling are vital to general good health, discipline and tuned-up reflexes.

The drilling sounds so strenuous—!

Nonsense! The most beautiful women in America today are the girls in khaki! Some calisthenics and drilling are vital to general good health, discipline and tuned-up reflexes.

Can the WAAC really help win the war?

The whole idea of the WAAC is to replace trained soldiers needed at the front. If American women pitch in now to help our Army (as women in Britain, Russia and China do), we can hasten Victory — and peace.

What can my college education contribute?

College training is important equipment for many WAAC duties too long to list. Cryptography, drafting, meteorology, laboratory work, Link trainer and glider instructing, for example. If you are a senior you may enroll at once and be inactive duty until the school year ends. See your WAAC faculty adviser for more details.

What are my chances of promotion?

Excellent. The Corps is expanding rapidly and needs new officers, both commissioned and noncommissioned. Those who join now have the best chances. All new officers now come up through the ranks. If qualified, you may obtain a commission in 12 weeks after beginning basic training.

What is the age range and other requirements?

Very simple. You may join if you are a U. S. citizen, aged 21 to 54, inclusive, at least 5 feet tall and not over 6 feet, in good health — regardless of race, color or creed. But the Army needs you now — don’t delay. Total War won’t wait!

Lingualists needed. If you speak and write Spanish, Portuguese, Chinese, Japanese, Russian, French, German or Italian, see your local Army recruiting office now! You are needed for interpreting, crypto-graphy, etc.

SPORTS STUFF

There was much comforting of the fans of the 1948 football season. Two of our players have sent us an order forbidding their being in the schools under the training programs in their Intermural activities. This will prevent coach Neely from sending us a source of material on which the football program is faced. It is agreed to this fact that all of the reserves will probably be called up by other teams. This would result in a complete shortage of players to fill the backfield and would prevent us from having a chance of success in the coming season.

The most promising of our prospects is the center, who has been a fine center. In backing up the line, he would be placed at guard because it is much less demanding. Our quarterback would be none other than T. W. Tannouf, who would be called the plays from a philosophical point of view. This would no doubt benefit him, and the fans, for he had been praised for his work on sidelines. There are indications that Coach Tannouf would be cool when the going got tough, and this would be his forte.

Coach Neely is speaking seriously concerning the Delegates of Plato. He has told T. W. Tannouf that he should be a great receiver and a drop kick specialist, and Tannouf has responded. He will go to Dr. Communism, who should be a great defender. He should be an expert in physics and education, and, along with T. W. Tannouf, he will be quick to spot opponents who were not in shape.

The starting guards were an easy cinch. A 11-Americans, and they should be cinch. A 11-Americans, and they should be cinch.

T. W. Tannouf, who is a great passer, and a great backfield. As is sometimes done in course, the fans may classify him favorably to Jim Williams. From the end position, Mr. Hermance could lead the team in two pass plays. The starting guards were a great group.

The Owls are a cinch to win the games. They have gone so far as to give us a few grey hairs. Coach Neely could lead the team to any victory, and we are confident that he will prevent them from getting cold and to eat it that they keep running, playing, kicking, and passing properly at all times. During the first week of the fall, there could serve as a game of "Duck on a Rock." It is the delight of all concerned.

The starting tackles would be Dr. McKeef and Mr. Thomas, chosen for their hardy physique. At present they lack a few inches for the tackling. Also, they are members of the history department, united front would be had at all times.

The guards were a very good choice. Dr. Meyer and Mr. Herron should be a great combo. All of the guards, and they are placed at guard because it would be a choice to keep them very far apart. Mr. Ocelo should make a fine center. In backing up the line, his knowledge of as many languages as many languages should enable him to understand the signals in the oppositions in case they try an unusual trickery. If our opponents included in any name-calling (as is sometimes done in football games — by accident, of course) in foreign tongues, the genesal language prof could reprimand them for this language.

Our quarterback would be none other than Dr. Tannouf, who would call the plays from a philosophical point of view. This would no doubt benefit him, and the fans, for he had been praised for his work on sidelines.

The Owls have spent the week running new plays, blocking, tackling and roughing it up in general. The available players of the week's practice has been the outstanding work of Little Vincent, Dasinkey, handwriting squadman, at fullback. He has displayed such ability at the premonition that Neely has shifted "Tee" Ellenberg, who always has last chance at tailback and fullback but was slated for fullback almost this season, to tailback. This shift sends Windell Williams from the tailback post to the line end, which will partially offset this definite shortage of capable ends.

Four new candidates, Dr. Tannouf, Mr. Herron, Mr. Thomas, and Chas. Hadsen joined the team during this week, as none of them as potential team members. However, the squad is still too small to have such a big list, and an urgent call has been made for more candidates. Neely destined to list the most outstanding students because all have shown potential play jobs, except for a few who have been written out, as assistant; but he did say that Jimmy Creosin in the backfield, and Busy Brockman and "Cotton" Sims in the line have been doing fine.

WAVES
