**Will Jobs Last After The War?**

(ACP) Not even history's greatest armed conflict can divert attention from the problem of earning a living. College students going into the services want to know whether they'll have jobs when they come home. Citizens of the majority of the country, particularly women, wonder whether they will still have jobs when it's all over.

A recent Gallup poll revealed that 79 per cent of today's war workers think their present jobs will continue after the war. Related to this confidence, which may decrease as demobilization proceeds and men return to the labor market, is the Gallup finding that more than half of the public has not heard of the National Resources Planning Board's report on postwar plans which provides a stepping stone to full employment.

Down at CIO headquarters on Washington's Navy Yard, plans proceed, however. Phil Murray is worrying about mass unemployment of women after the war.

"There is a serious possibility that at least 10 million workers will lose their jobs within three months after theArmistice ends," he says. "That will affect women more than men. They will be automatically dismissed when war contracts are cancelled or completed. As newcomers, women will be at a disadvantage because of their few skills and comparatively little seniority.

"This adds up to need for full employment after the war, so that nothing near full employment can be achieved," Murray feels. "If a women will be able to be welcomed into the open labor market, the problem of Age-long barriers against women tend to disappear when their services are really required.

**News From The Underground**

(ACP) News of college-students' fervid devotion to freedom continues to filter through from the European universities. The most important reports received in Washington talks of more executions of University of Munich students accused of distributing leaflets calling Adolf Hitler a traitor. Among students who paid with their lives are Janke Buiril of Dublin, Texas, in the South, and Harold Klessmer, and David Schab at this time in Austria. These men will be sent to Fort Sam Houston.

Architecture, engineer, and professional women who have been ordered will be allowed to remain in school until the end of the year.

**Wilder Named To Owl Board**

Last Tuesday at its regular meeting, the Student Council appointed Today's News (T.N.) and OWL Advisory Board. Wilder will take the place of two earlier, much-used, apostcles, who left with the A. E. R. G. last year.

The proposal by Dallas Hau, suggesting that the seat be filled by someone who had done a particular service to the body as a whole, was presented again to the Student Council for consideration. It was decided that final determination as to who would be appointed should be instituted would be made at the next meeting.

**1850 Biographical Dictionary of Modern Writers Now In Institute Library**

Twentieth Century Authors, a collection of 1,260 biographies and autobiographies of writers of all nations who have influenced literature since 1900, is now available to students in the institute library. Miss Alice C. Dean, librarian, announced.

In preparation for over four years, Twentieth Century Authors presents the life stories of over 1,800 world literary figures who have published in English since the turn of the century. Included with the original biographies and biographical works are the better-known Russians, Germans, Frenchmen, Poets, Swedes, Finns, etc., whose writings have been translated into English. More than 1700 pages, the nine-volume set, contains information about hundreds of artists is nowhere else available.

The editors of Twentieth Century Authors have made the attack on the volumes of "The Author Series," Stanley J. Kunitz, director of the Wilson Library Bulletin, and Howard Haycraft, associate director, have been completely rewritten, and there are 1,650 more biographies in this book than in Living Authors and Writers Today and Yesterday combined.

Every living author in Twentieth Century Authors who can be reached has been invited to write his own sketch. Many did not contribute autobiographical supplied biographical and critical works. What a subject, such as a Russian author given as a guide to further study.

The editors of the volume are the best for the purpose of volumes.

"The Author Series," Stanley J. Kunitz, director of the Wilson Library Bulletin, and Howard Haycraft, associate director, have been completed rewritten, and there are 1,650 more biographies in this book than in Living Authors and Writers Today and Yesterday combined.

**Mock" In Democracy?**

Dr. S. White漂请了对better Conditions for Houston Negroes

By Neil Ranson

"Let's put the 'grow in Negro and take the 'mock' out of democracy," urged Dr. L. S. White, preacher at the Methodist Believer Tabernacle, in one of his recent sermons. These men will be sent to Fort Sam Houston.

Archeology, engineer, and professional women who have been ordered will be allowed to remain in school until the end of the year.

The propositions must have had at least one signature from the author, district or commander, before the Naval ROTC. Unit are to be ordered to active duty with pay and given training in lieu of a practice cruise during the month of June. This training will be given on board surf, craft, if available, or at a Naval shore station.

Arrangements for the place where the boat will be taken to training have been made by the Commandants of Naval Districts or Commanders of Sea Areas.

**Freshman Dance Plans Being Made**

Plans for the Saturday night dance honoring freshmen which will be held May 8 at the Temple, are being brought to a successful conclusion by the freshmen commit-tee of the Dance Committee, has announced. Two committees com-posed entirely of freshmen have been organized, with Kenneth Smith and Margaret Fultz as chairman, and the publicity group, and Peg Monroe as co-chairman, and Jack Hopkins, Margaret Fultz, Mary Jean Hoar, (Continued on page 4)

**Memorial Society To Hold Last Meeting**

The Memorial Society will hold its last meeting of the year on Saturday afternoon, at 3:15 p.m. at the Jewish Commu-
Victory Dance

Another appeal is being made to the school spirit prevailing in members of the Institute student body and at the same time this appeal calls upon their patriotism. We are referring to the all-school dance which in ordinary times would attract the attention of all the clubs and organizations on the campus and receive their enthusiastic support. Even in times like these the prospect of such an entertainment has excited extraordinary interest. However, the fact remains that crowds at former times would attract the attention of all the clubs and organizations on the campus to furnish the orchestra, decorations, and refreshments. This last item is one which is not always provided at school dances for no extra cost. All that students are asked to do is to attend and enjoy themselves.

As for the appeal to patriotism, it really involves no sacrifice on the part of the girls or their dates. The admission has been set at one cent in the current stamps, which may be purchased at the door.

A system similar to this was inaugurated at the Plantation last year. Admission was set at fifteen cents but the management collected the stamps. Those who buy new stamps for admission to this entertainment here are required to keep their nose out of politics, meanwhile peeping tab on the strength of each separate lineup.

As readers know, from the story which appeared last week, a citizen complaints that such a quality as school spirit does still exist among our number.

The Editor Complains

The self-deluded person who, with those symbolical of the modern idea of a brilliant composer, sets about to persuade himself that Bach is more modern than the rest of them, will be driven back for more by pure love of literary effort. Only an editor is required to be pontifical always.

Prices are established by the U.S. Navy.

"HOUSTON'S BEST SHOP FOR FORWARD"
SPORTS STUFF

By JIMMY CLEAVEY

The Rice tennis squad which got off to a roaring start against A&M, settled down into the atmosphere of a mere squeak. Last Friday, the team trekked to New Orleans where they encountered a powerful New Orleans Country Club outfit who trounced them thoroughly, four matches to two. Billy Walker won his singles match 6-4, 6-3, and Chase Francisco and Jack Hayden trimmed the father and son combination of Weldon and Weldon 6-4, 6-4. This irony proved an inspiration for bigger and better things, so the boys promptly lost six additional matches to Tulane.

If any of you sports fans are interested in seeing a sneak preview of the big conference track meet, a little exercise to Austin tomorrow night proves extremely interesting as the outcome of the little conference will surely be indicative of the big event on May 8. Texas, Rice, and the three leading contenders for top honors this year—might go so far as to say the only contenders. My prediction is that Texas will trounce them thoroughly, four matches to two. Billy Walker won his singles match 6-4, 6-3, and the father and son combination of Weldon and Weldon 6-4, 6-4. This irony proved an inspiration for bigger and better things, so the boys promptly lost six additional matches to Tulane.

Letters to the Editor

Dear Madame Editor,

With interest, I have read letters commenting on various organizations on the campus, which are under the leadership of seniors. Officers of my class, I reasoned, were any literary society, I believe myself to be an unprivileged officer. This letter is written to be a challenge to Miss Newlin to apologize or explain her activity on the staff.

Sincerely,

A student who is not a member of the staff.

What $18.75 Will Buy

What will $18.75 buy? A week-end at home for the college student? A new Easter hat for the co-ed? A week-end at home for the college student? A new Easter hat for the co-ed?

Freshman Dance Committees, in addition to having a substantial number of their fellow members serving on both committees.

New Colleges Added To Army, Navy

Three more colleges have been added to the list of those declared suitable for the placement of war training programs by the Army and Navy.

George Williams College of Chicago and State Teachers College, North Dakota, have been approved by the Joint Committee for the Selection of Non-Federal Educational Institutions for inspection by the Navy Department. The Joint Committee approved Scripps Institute of Oceanography, La Jolla, Cal., for inspection by the War Department and for possible contract for training in oceanography for the Navy Air Forces.

Eight schools previously approved are now eligible for additional programs.

For inspection and possible contract by the Navy Department for the Department of War, the University of Southern California, College, Pittsburgh, Kan., University of Louisville, Ky., Tulane College, New Orleans, Miss., Southern Methodist University, Dallas, Tex.

For inspection and possible contract by the War Department for pre-medical training: DePauw University, Greencastle, Ind.

The selections made for the purpose of war training are as follows: 2 cotton undershirts, 2 cotton canvas shorts, 76 cents; two pairs cotton undershirt, 44 cents; 2 pair shoes, $4.91; two cotton khaki shirts, $4.84; two pairs twill trousers, $4.19; two wool waist belts, 25 cents; two cotton neckties, 44 cents; two khaki caps, $1.39, and one twill jacket, $2.16. For a grand total of $19.74.

For a salute the money might purchase an overcoat at $15.60, a jersey at $2.50 and a pair of boots at $1.25. Nineteen dollars in value are the dollars bought by the American people for the second War Loan. Much of the money will go for just such equipment for America's fighting forces.

POLAR WAVE ICE PALACE

Rice Students — bring your blanket taxes and skate for 3c every Wed. night.

Dr. Winfield

(Continued from page 1)

half of the seating space, Negro accommodations on trains are pitifully inadequate. Sometimes only six coach seats are available; this is pitiful.

When a whole coach is given over to Negro travelers, it is always placed behind the engine because in case of accident, the car in that position is the first to be derailed. Our safety as well as our comfort is not considered.

When asked what he wanted for the Negroes, Dr. White replied, "The same consideration that would be given a German or a grip." He declared that 99 per cent of American Negroes were born here and should not be subjected to segregation. Several statements indicated that he hoped for eventual establishment of the equality of the two races. He appeared, however, more interested at present in bringing conditions among the Negroes nearer the white level.

"It has been suggested," he said, "that the Negroes should solve the race question until the war is won." Yet conditions connected with the war are increasing the Negroes resentment. Colored soldiers, for instance, have only the meagerst U. S. O. accommodations, while no provisions at all are made for their entertainment at railroad and bus stations. There is also the question of the status of the Negro who must fight but is not allowed to vote.

One of the most serious issues involved is the complete ban on black Felipe Courts. When the city of Boston first considered placing Negroes in a location, many influential Negroes tried to persuade the administration to place Negroes in a location.

That said, they had been used by the Negroes for a so long that it belonged to them by virtue of tradition. It was a convenience because it was close to Jefferson Davis hospital, which most of the Negroes use, and because its nearness to town saved them the expense of transportation. The Negroes converting this section were, however, moved to other parts of Boston, and the white development built backing directly into the Negro settlement. Bad feeling between the races has not been extinguished by the attitude of the whites, and Dr. White said that the situation had frightening possibilities.

Dr. White closed his discussion with a mention of religion. He said that many young colored men and women are turning away from the church because they feel that God is never going to do for them what they have been hoping for so long that He would do.

The speech was preceded by a short musical program by one of Dr. White's parishioners, a worker of the American Women's Auxiliary service, who appeared in uniform. She sang a new version of "This Is Worth Fighting For" with words slightly altered to fit the Negroes' case, and "Let's Go, Americans," composed by the singer.

How many War Bonds and Stamps have you bought? Do your part by buying them regularly at your Bondwagon in Sallyport.
