Bishop Quin to Offer Invocation; Rev. Stanley Smith to Pronounce The Benediction at Ceremony

Commissioning exercises for those members of the NROTC Unit who will receive commissions upon presentation of the present term will be held in the Palmer Memorial Episcopal Chapel, 4221 Main Street, at 9:30 Wednesday morning, February 26. The Rev. Clinton S. Quin, D.D., Bishop of the Episcopal Diocese of Texas, will offer the invocation, and the Rev. Stanley Smith, pastor of Palmer Memorial Episcopal Chap-
el, will pronounce the benediction.

President E. O. Lovett will deliver the address and Ann Barber, NROTC committeeman was a good sign that the executive committeeman will be a senior. The amendment also provides that the executive committeeman will have some authority over the student body, and that the executive committeeman will be the one to deliver the oath of office to the new officers.

The following men will report to Rice to determine the second place for the march, after the traditional selection by the students. These men will be: Ann Barber, NROTC committeeman; Betty Lou Johnson, Bent; Reginald Groves, U.S. Army; Robert Tull, U.S. Navy; and Betty Veatch, U.S. Army.

Dear Editor,

The writers, having been more or less around Rice lifetime, have always felt that everybody had such a good time that we should not let it slip away. It has been an interesting year, and we feel that some of the changes which have come with the new Board are almost for the better. We hope to see you all next year! We would like to express our appreciation to Mr. Powell for his selection — perhaps he will even let us see it. Yelling this about, we know it is not all that it is cut and dried for the new school year.

P.S. The Thresher, which brings affairs closer to the class, is not all that it is cut and dried for the new school year.

Sincerely yours,
Dedication

The thirty-second academic session of The Rice Institute will terminate with commencement on Monday, March 27, 1984. In spite of the fact that Dr. Edgar Odell Lovett will again preside over his last opening exercises, we feel that the changes that have occurred with the new Board of Trustees under the act of 1879 to the present legislative body.

Owls to Meet Baylor Bears Saturday Night at 8:15

By Mildred McCall

The final game of the Rice basketball season brings the Baylor Bears to the Public High School Gym Saturday night at 8:15. For the Bears the game means little more than completion of the conference schedule, but for the Owls it may mean the difference between championship and second place.

In spite of the Bears' lack of success in conference play so far it is not an opponent to be despised. Inspiration of the last game of the season is likely to make it play above the previously exhibited level. Darroch to knock the high-flying Owls from their perch may also prove another faster. Indeed, the desire of all other Southwest Conference teams to step up the floor with the top team is never wholly absent.

Baylor is led by Martin Hicks, one of the ten leading scorers of the conference, who has 125 points in ten games. The big hop is the closest rival for height honors Bill Henry has in this league, being 6'7" tall. Also among Baylor's leading scorers is Erwin.

The last time the Bears and Owls met the final score was Rice 65, Baylor 27, but some time has intervened between game and the present. Both have had plenty of time for improvement, and neither neglected it. At this last meeting Baylor used a zone defense throughout the game, but whether they will continue it against the Owls is not definite.

Coach Joe Davis will probably continue using his regular starting five, consisting of forwards Tom Simms and Don Simmen, center Bill Henry, and guards Rasty Dur-

One of the most improved players in the Southwest Conference this year is Jug Thomas. He has developed into a fine floorman and is listed among the top ten scorers of the league.

SPORTS STUFF

By Mildred McCall

The Rice-TCU game last week gave us plenty to be happy about. The Horned Frogs could have been very dangerous if they had been trained to use another type of play. If they had been able to change their pace a little, doing so might have made all kinds of difference.

Again I cannot say anything about last night's game because at the time the game is being written the game has not been played. But regardless of the outcome of the game Texas University is in my book for not beating Arkansas at least once.

Bears May Be Tough

The coming Baylor game finishes basketball for this year. The Bears, our first opponents of the season, should, by all rights, go down in defeat as easily this time as before. Although they don't count on it, Baylor is one of the most frequent upsets in the conference. If the Braks once hit their stride, they will be hard to stop. And until the last game ever to be played is over, the worst opp-
