Year's Suspension Minimum Penalty For Cheating on Exam; Proceedings Shall Be Kept Secret During Trial

The Honor Council has asked that the By-Laws of their Constitution also be published; as you remember the constitution was published three weeks ago. It is desirable that all the students at Rice be thoroughly familiar with the governing documents behind the organization.

By-Laws of the Constitution

1. The penalty for cheating on an examination or test shall not be less than one year's suspension.

2. Should a member of the Honor Council be convicted of dishonest or unbecoming conduct, the said member automatically shall, for the time being, lose his place in the Council, and his seat shall be filled during his trial by a person not previously elected to the Council.

3. Each member of the Honor Council shall individually pledge to keep everything concerning cases under consideration secret during process of the trial.

4. The Chairman of the Honor Council shall determine the time of the trial, and the secretary shall inform each member.

5. New by-laws must be passed unanimously by the council.

6. Representatives chosen in the spring elections shall meet once a week after they are elected, for the purpose of naming officers of the council for the next year. It shall be the duty of the retiring chairman to attend to the election.

7. Any member of the Honor Council who is absent from these meetings without excuse will be dropped from the Council. All excuses will be passed on by the chair.

8. There shall be an office of Vice-Chairman in the Council. The Vice-Chairman must be a senior.

9. He shall preside at all meetings of the Council to which the Chairman does not come.

10. The Honor Council shall sponsor petitions in the regular elections for at least four senior, three junior, and two sophomore representatives to the Honor Council.

11. The penalty for violating any part of the Student Council's election code shall be withdrawn from the election.

Easter Eve Dance

Girls Baseball Game Scheduled Today

A baseball game will be played this afternoon by the five Freshman baseball teams. Everybody is invited to come and see the battle (which it undoubtedly will be). There will be no charge, in fact you come at your own risk. The 5WS will play the Independents while the PALS and OWLS will tangle in the second game.

No Pictures Taken Today at Maurice's

Betsy Bill, Campus editor, announces that pictures will be taken today, April 6, at Maurice's. The photographer will be there every other day, however, and all students are urged to have their pictures made as soon as possible to avoid the last minute rush.

Many Freshmen Make Second Generation Return

By Mariel Wicks

Many have noticed the unusually large number of second generation freshmen students this year. It is with pleasure that the faculty and students welcome these new students to Rice.

As second generation Rice students, they have a tradition to fullfill that exemplifies their parents' love for Rice and their admiration for their Alma Mater as a school for learning.

Among those the Theta staff have been able to contact are:

Anne Katherine Bray, daughter of Dr. and Mrs. H. E. Bray. In 1921 Dr. Bray received his Ph. D. from Rice, the first advanced degree the Institute conferred. Mrs. Bray is a social worker and lives in Houston.

John Walter Cason, the son of Mr. and Mrs. D. K. Cason. Mr. Cason studied electrical engineering at Rice for five years and graduated in 1922. Mrs. Cason (Marjorie Mills) won her degree in 1929 and with it a Graham Baker Scholarship. With her brother, Dick Cason, is also a Rice graduate, and is now attending the Army Medical School at Galveston.

June Farnsworth, the sister of David Edwin Farnsworth, then in the general election.

Students Choose Rusty Darling and Bob Swasey

The March 27 general elections produced new and continuing student officials. Rusty Darling and Bob Swasey were elected President and Treasurer, respectively, of the Student Association. In the senior class, Shirley Rowell was elected to the Student Council. John Van de Mark was unopposed for Junior Class President, Bob Jones and Laurence Davis, EBLS candidates, were chosen as Junior Student Council representatives. For Sophomore Secretary-Treasurer, Bill Malvezzi was unopposed. The total number of votes cast was probably not the fact that so many candidates were unopposed for office. Only a total of 166 votes were cast in the general election.

Bullard and Allen Head Rally Club

The Rally Club held their first meeting of this term on Wednesday, March 16.

The meeting was held for the sole purpose of electing the new officers. They are: Dan Bullard, President; Gil Allen, Vice-President; Bill Broyles, Secretary; and Murray Reynolds, Treasurer.

Easter Program To Be Held at Palmer Church On April 6

An Easter Program will be held at twelve fifteen on Thursday, April 6, in the Palmer Memorial Episcopal Church, and everyone is urged to attend. It is being sponsored by the Student Religious Council of the Rice Institute, which has arranged that the Navy be present to give special permission to come, provided that they apply for this permission at least one day before.

The program will include the hymns, "Holy, Holy, Holy," sung by the congregation, with Scripture Reading and opening prayers by Dr. Booth. This will be followed by a Silent Film: "The Agony and Passion of Christ." The film will be repeated on Good Friday.

Rice Grad Is Lt. Direct From Ranks

Former Tech. Sgt., and Rice graduate, Wilson Fry has recently been commissioned 2nd Lt. directly from the ranks. He is stationed with the air army air force in England and is now a supervisor of the training of new officers met there.

Commissions thus given in the combat field are granted only to men with individual merit and accomplish- ments. They go to men who have been in combat, have official appraisals, and can meet the high educational requirements. Lt. Fry was a Phi Beta Kappa, a distinct factor in the Rice student body, and was one of the few selected by Harvard for a national scholarship. He was attending Harvard and was commissioned in August, 1942. As a member radio officer Fry had successfully completed 25 missions over enemy territory and now wears the air medal with oak leaf clusters and the DFC.

Two Musicals, Sea Story Highlights For 'Big Three'

By Evelyn Burke and Camille Denker

Unless something is held over, this week's musical offer a little more to the public. At the Metropolitan, "Life" starring Tilly Johnston, replaces Kay Kyser. The picture is directed by Alfr E. Hitchcock and is in the story of nine survivors of a torpedoed ship. All the action is confused and the plot is crammed lifelike, which is only twenty feet long and five feet wide, and the resulting drama is a sus- pensive one, indeed. Mike Bankhead is ably supported by William Bendix, Mary Anderson, Harry Hall, John House, and John Hodiak.

"Lady in the Dark," an adaptation of the musical play performed on Broadway by Gertrude Lawrence comes to the Majestic. It is a pro- chausenmuget of Ginger Rogers drama of the London theater. Miss Rogers is a magazine editor who is about to suffer a break- down and goes to the psychoanalyzer to get straightened out. The ven- ture is a complete success, and is mainly her dreams. Three romantic episodes are provided by Ray Mill- er, Warner Baxter, and Jon Hall. Highlight of the picture is a beautiful rendition of "The Sages of Penny," new with very catchy lyrics.

Coming to the Majestic is a "Broad- way Rhythm" gay musical comedy, under the direction of Slim Sioux, Ginger Murphy, and Tom Tom- my Dorsey. Tommy is high for high

The changes brought about by the war provide a very trying subject to write about. However, there is still something to be said about these changes and their effects on Rice Institute. This editorial, little perhaps, is a message to the Navy boys on behalf of Rice girls.

We feel that it is one of our principal duties, and not an unimportant one, to make you aware that you are at Rice. We want you to like it here, and when you leave we hope you will remember Rice as your school, not just a place you went for a year or so.

First of all, we want to say how proud we are to have at Rice the boys who have been in action. Most of the rest of us have been doing all we can to help the war effort, but how trivial our contributions seem when compared with what you have done. We appreciate you, are honored to have you, and we intend to do all we can to make you feel at home.

We haven't forgotten you boys who haven't had a crack at the Nazis and Japs yet. You'll be going all too soon, and we're mighty proud of you, too.

The A-House parties on Wednesday nights are an example of our efforts to entertain. The girls have forgotten their petty worries and are enjoying themselves at parties and clubs, and have found out that working together is a lot more fun than quarreling. There are a lot of cute gals, some coarsely entertained, good food, and dancing. Three hours of fun and foolishness will make that studying much easier, and will make you much happier about being there.

These parties depend on you boys. If they've never been one to those get-togethers, come on over next Wednesday night. Just one last word to you boys whose grades are slipping: Don't let the books and your name off that restriction list, because you're missing a lot of fun.—M.F.

By Betty Atkins

The baseball games were practically over last week, during which time, of course, we've got spirit (I) anyway, and when our team passed over two runs. We have woken up to the fact that the Navy school for miles around—even if we don't win—ruins the Navy team. But we're improving, to say the least.

Anyway, what's the good of worrying? As Mr. P. P. Yates said, however, that the Vanety wants a game with the E.I.B.'s to watch this weekend.

When the lights went out on Saturday night, there was a big donation for the Red Cross (and everyone did give it). Jap Dews and Loews were found—best and to sentence there. Anyway, there's lots of fun involved in that.

So more to hear President's tale of how Wright's and NASA's first anniversary was announced. And watch out, Lewis, because the biggest story ahead of you... Bostle was certainly quite an affair. A fine view of Mary Hay's picture from up Iowa State way, and it really was grand! Oh, Petersen!

Lots of people seem interested in Chem Zeta, but how many are they? We don't care how many, just as long as you're interested in what we have to say.

Will we ever get to hear a complete history of the Rice football team? What politics, tut, tut!... Look behind the statistics every Wednesday at 10 o'clock—when the half time whistle blows. How do you do?

By Mildred McCall

The end of spring football training brought much cause for optimism to Rice. Squaddies this spring knew their assignments and understood what their coaches wanted more than last year. They are no longer ignorant of the fundamentals of teamwork, and they have learned how to put those fundamentals to work. But in the same game bunch that came a long way against heavy odds last fall, I say more power! Much earlier this year discussions raged about use of tree-top-tall men, especially as goal-tenders. Cited as power! Perhaps the officials association will equip its members with instruments to measure the arc of the ball, and perhaps not, but whatever it does, the coming year is bound to raise much argument about technicalities. At any rate, gone are the days of outside proviso: if they can buy them! Everything that shows. An initial allowance of $200 is provided enlistments. The allowance of $200 is provided enlistments. entertainment. Mr. Murphy, a Broadway producer, is expecting a sec- ond spring musical is expected to be a hit. It is titled "The College Musical," and is being prepared by the students of Rice. The show is to be presented on April 15th at the Rice Auditorium. The cast includes members of the Rice Drama Club, and the production is directed by an outside producer, Mr. John Smith. The show features music by Lloyd Webber and lyrics by Tim Rice. The plot follows the adventures of a group of college students as they navigate the challenges of college life. With a blend of humor and heart, this show promises to be a memorable production. The Rice Auditorium is located at 1111 Main Street, and tickets are available at the box office with a minimum purchase of $20. For more information, please visit the website at www.riceauditorium.com.

Sailors to Enter
Style Show With Gorgeous Uniforms

The N.R.O.T.C. and V-12 units are issued new uniforms today. The old outfits have been discarded in favor of newer models on the order of Mr. Cullen’s finest "most outs." N.R.O.T.C. boys will be furnished in the pink and blue, and V-12 units in the pink, and large bow-ties of the same color combination. The V-12’s will wear shirts of a solid color, often with a white collar, blue or white tie, matching hat and tie, matching chalk, and matching socks, shirts, and handkerchiefs.

The change has been needed for quite some time, according to high-ups of the Navy. Admiral Felt is himself one of the most out-of-date dressers in the Navy. Mr. Cullen, who was brought in last summer to straighten out the shop, has at the same time been making the outfitting look quite as confusing as ever. But the new plans should be appreciated.

DUKE UNIVERSITY SCHOOL OF NURSING

The basic entrance requirements are either junior college or high school education, or a certificate for nursing. During the War, back some years, who had not had college work, including chemistry, were accepted. This, however, was in 1944, and since that time, who has not had a junior college education is not accepted.

In the class of 1945, 38 students are enrolled, and about 12 more are waiting to enter. The class begins in September, and the course is 3 years.

MacDonald Comes To Houston Stage For Relief Fund

Jeanetta MacDonald who needs no introduction to the music loving public, will make her second Houston appearance, April 15 at the City Auditorium. Miss MacDonald, acclaimed internationally as prima donna of concert, stage, and screen, is giving this time to one work that she has been called "America’s boast foremost sinfonia." The proceeds from her concert go to the Army Emergency Relief Fund. Tickets are now on sale on the first floor of Levy’s. They sell for $1.20, $1.80, $2.40 and $3.00 for box seats.

Following Miss MacDonald’s concert on the 17th will be Jeanette MacDonald, April 18 at 8:30 at the Music Hall. The Spanish-born artist is one of America’s boast pianists. Typical of his many-sided genius and musicianship is the fact that he has been associated with many of the world’s great conductors, and also with composers. His "Bolero" was played last season by the Cincinnati Symphony.

BUT WEED BE HAPPY
WITH LETTERS FROM U.

LIT. WILSON FRY

You are hereby requested to inspect your office, field or technical departments, for purposes of securing for yourself, your associates, and your colleagues, competition for your business. It is also intended to impress upon you the vital importance of the following plans and policies:

1. The use of a new uniform, which will be issued to all employees, will be a great improvement in the appearance and efficiency of our personnel.

2. The effect on the enemy in actual combat will be disastrous, to say the least.

3. The Navy has a tradition to uphold. From now on, the "Fleet’s in" will have another noticeable effect on the public in general.

4. Navy officials did not state what type of uniform the new model will be.

The designers of the new uniforms added that rank would be emphasized by the use of polka-dots.
