By Marie Jo Johnson

The case of Dr. Heinrich Karl Ernst Martin Meyer, Appellant, former Professor of the Rice Institute, versus The United States of America was appealed before Hutchison, and Lee, Circuit Judges on the 6th of April, 1944, to prevent the granting of the defendant's citizenship papers in refutation of the verdict of a previous case in which Dr. Meyer was found guilty of profaning pro-German sympathies.

Appealed to Circuit Judges

This appeal was made to contest the accusation that the defendant, a naturalized German citizen, had secured his citizenship by fraud, and therefore, illegally, and because thereof should have his certificates cancelled. It was pointed out by Circuit Judges Hutchison that previous inquiry had taken away the defendant's citizenship papers because of (1) his frank assertion, before December, 1943, of views which were considered incompatible with, his oath of citizenship, and because (2) he made inquiries in 1940 regarding expatriating himself, although even afterwards he abandoned the idea completely.

Irrelevant Evidence

Hutcheson and Holmes concurred on the statement that none of the evidence in the previous case concerned the crucial fifty year period before the granting of the defendant's citizenship papers, and therefore he could not be retried for current offenses. Hutchison emphatically continued on page 3.

Little Girls Arrive in Thomas Family

Of interest to the faculty and student body of Rice is the addition to Mr. J. D. Thomas' family, a little blonde newcomer who will soon answer to the name Mary Kathleen.

The event occurred April 11 at 8:30, when Mr. and Mrs. Thomas, emerging on his 7½ pound daughter, says, "She looks like all the other babies, I guess."

Navy Blanket Taxes Are Cancellation of the spring Social Week In Scallyport

Blanket taxes are on sale in Scallyport this week for the benefit of Navy boys who have not bought them. The taxes cost $6.30 and provide the student with all three campus publications and entrance to all athletic events. A list has been prepared showing the names of all Navy boys may check to see if they need to buy. There has been recommended that Navy trainees purchase these blanket taxes and it is hoped that as many as possible will do so this week.

Whiteford Leaves Institute For Duty In Another V-12 School

Commander Whiteford has been detached from the V-12 Unit at Rice and is going to active duty as an executive officer at another V-12 as the result of his V-12 School Commanders Course.

Commander Whiteford came to Rice in the fall of 1941 from the University of Texas where he was in charge of the Naval ROTC. While he has been at Rice, he has had two promotions. The first was to Lt. Commander on March 1, 1942, and the second was to the rank of Full Commander on February 1, 1943. He was Instructor in Seamanship and Navigation as well as the executive officer of the NROTC; later he became executive officer of the V-12 Unit. Last fall he was put in charge of the departure of Captain Thomas to America as Commander of the V-12 Unit, and Commander Whiteford has acted as the commanding officer of the V-12 Unit.

Service Record

Commander Whiteford's record from 1929 to 1938 shows that he has been active in different parts of the world. He graduated from the United States Naval Academy at Annapolis in 1923. From 1931 to 1934 he was stationed in the Near East at Constantinople, from there proceeding to the Black Sea and the Eastern Mediterranean. During the same period he was stationed in the South Pacific. In 1934 he was reassigned to the V-12 Unit.

In Another V-12 School

While always of great interest, the Rockefeller lectures will be particularly enjoyable this time, as Dr. Sockman has a reputation for being able to enthral his audiences with his thought provoking talk. Lt. Commander Whiteford has been selected as the topics for the first of the Rockefeller lectures titled "The Barriers to Brotherhood," the latter topic in itself having a title sufficiently intriguing to attract many.

In a word, the prospect is promising, as all the other lectures will be at 8:15 when he begins, and uphold Rice's tradition of having the type of subject which really appreciate intellectual discourse.

Withers and Watson Make Highest Scores In Rifle Matches

In the match this week fired against the Tuffa and Doby-Xim, the highest score of the Rice team are as follows: W. E. Withers; 144; E. V. Watson, 141; E. R. Achen 177; E. R. Howell, 175; M. E. Blaine, 175. The total score for those men was 890. As yet there are no results as Tuffa and Doby-Xim scores have not been received. Likewise the score of the match held last week in which Yake, has not been determined as there has not been no report from them. There will be some pistol matches fired next week, but as yet Chief Blaine has pronounced the members of the team.
Quotable Quotes

(By Associated College Press)

The only way to get to Japan is to go to Japan and do it. The Japanese morale is not going to be broken and the military dictatorship is not going to be collapsed. It is going to be a hard job and it will take entered leaders of the longest time. And I hope we are not long. The Japanese military dictatorship is as ruthless with its own people as with outsiders. That's why there is no other way, to face the fact that the past is over and that the future is waiting. You can't do business with Japan. In my opinion, Ambassador Grew is exactly right when he says that the Japs are the most dangerous enemy we face at the present time.

M. E. Sadler, president of Texas Christian University, who grew is exactly right when he says that the Japs are the most ruthless with their own people as with outsiders. That's why there is no other way, to face the fact that the past is over and that the future is waiting. You can't do business with Japan. In my opinion, Ambassador Grew is exactly right when he says that the Japs are the most dangerous enemy we face at the present time.

Henry Townley Heald, president of Rice University, has said that the Japs are the most ruthless with their own people as with outsiders. That's why there is no other way, to face the fact that the past is over and that the future is waiting. You can't do business with Japan. In my opinion, Ambassador Grew is exactly right when he says that the Japs are the most dangerous enemy we face at the present time.

Because the boys went up to Aggie-the game for us. The Owls were land and proceeded to win their games yet they still had a good eighth inning when they started plate for the four runs that won interest on the part of the school.

The Owls have beaten a Sharecropper behind by two runs up till the Hutchinson, Dryden, Wilkin, and Nicole and Darden.

Nicar and Darden have three children, two boys and a girl.

The Owls go up to Austin to play the Longhorns this weekend. The Orange and White have been defeated by the Aggies once this year so it looks like we have a good chance to win.

The track team has a dual meet with A & M this weekend which should prove to be a thriller. Rice was beaten in their last meet with the Aggies and will likely be beaten again, but the score should be close enough to make an interesting Saturday afternoon. Our team is in good shape and should take all the events we lost against Texas A & M with a few extra thrown in. The field events will start about 2:30 p.m. and the first race is scheduled for 3:00. This is the last chance we will have to see them in action so let's all go out and give our team all the support it deserves.

Necar and Darden To Head MSU

After the program Tuesday, the Methodist Student Union elected officers for this term. The new president is Ed Necar; vice-president and worship chairman, Billie Jo Dar- den; secretary-treasurer, Novadean Duffel; publicity chairman, Mary Jane McCair; recreation chairman, Jane Farnsworth; religious council representatives, Mary Louis Esk- mire, Janie Clark chairman, Marcee Scott; and dormitory representative, Bob Quinn, elected by acclamation.

Rally Club Picnic Held This Saturday

Co-Chairmen Glenn Russ and Bob Qualls have announced that the annual Rally Club Picnic, given this year in honor of some of the older members, will be held Saturday at R. J. Reynolds Park, shortly after completion of the track meet. Refreshments will consist of one of the best fried chicken and another delicacy which should be provided for escorts by females.

WHITEFORD—

(Continued from page 1)

From 1929 to 1931 he was an instructor at the Georgia School of Technology for his new assignment. His wife, and two sons, Charles A. and W., are 14 years old, and Ted, who is 12, will soon join him. Commander Whiteford and his family have lived at 2242 Dryden Road during their stay in Austin.

Lieutenant Davis who will take Commander Whiteford's place came to Rice on the first of July in 1943. He had been in the Destroyer Es- fleur, the Pacific, and his base of operation was at San Francisco, California. His name is Ted Whiteford.

Off and in Lt. Davis has been in the Navy since February of 1942. He has been a member of the Destroyer Es- fleur, the Pacific, and his base of operation was at San Francisco, California. His base of operation was at San Francisco, California.

Lieutenant Davis and his wife have three children, two boys and a girl. Tom W. is a chief machinist at the E & M Drydock Co., and is located in the South Pacific. His other son is an Aviation Cadet at Annapolis, Ga., and will be commissioned in October. Phillips, his daughter, is now enrolled in Lamar Junior High School.

Erredsted Medals

During the last war Lt. Davis had the honor of receiving the following medals: the Navy Expe- rimental Medal, the World War Victory Medal, the Merit Cross, and the Croix de Guerre Medal, which he received for service in the West Indies at that time. He returned home from Europe in August of 1918 and had the honor of receiving the following medals: the Navy Expe- rimental Medal, the World War Victory Medal, the Merit Cross, and the Croix de Guerre Medal, which he received for service in the West Indies at that time. **Girls' Club Elect Veitch, Branch to Vanity Fair**

At the meeting of the Girls' Club last Friday, Miss Betty Veitch and Miss Elva Dumas were elected to be added to the Vanity Fair Board.

**J. Nesbitt "Passing Parade" Steps Into Radio Spot**

Harry James has had to lay aside his red-hot trumpet due to a throat ailment, but Sis reliable "Passing Parade" is in full swing. John Nesbitt's "Passing Parade" step right up and take plae in the music program which follows immediately.

**For Young Women**

### QUESTIONS, ANSWERS

**ABOUT NAVY WAVES**

Are women with special training eligible for the WAVES? Navy WAVES are not eligible, but the Navy needs them urgently. They will take girls in school to receive training before taking over as WAVES. What formal education is necessary for enrollment in the WAVES? No special education is necessary. Married women are admitted to the WAVES, but they cannot have children under 18. Wives of servicemen are eligible with the exception of those married to Naval officers from the rank of Ensign on up. After completing of initial training, a WAVE may marry whom she pleases.

**Can enlisted women become WAVES officers?** Yes, after six months' service, enlisted women may apply for a commission. It is impossible for hard work and outstanding ability, but is a goal worth working for.

**Changes**

These long morning work-outs have really been a menace to the morale of the trainees. The Herculean task facing the WAVES as they dig into their truck and surround by tiers of busy girls can be likened to a huge collection of a man who is a maharaja. Sometimes it is projected far into the future, giving us a glimpse of the world of the future. He becomes history, scientific discoveries, homes, and other problems the subjects of intimate chats with his audience—gar- mished with glasses and ancles. John Nesbitt is the world's most interesting writer, and just a few of his stories to tell. Of course his material is picked up from the drama of real life.
