**S.C. Proposed Dance Group Status Change**

The Student Council held a very interesting meeting last Tuesday with about ten visitors sitting in on the discussion. President Bob Zelzman opened the meeting and Marion Holland checked role. Johnelle Morrow being the only absentee.

The only old business to be brought up was the question of whether or not the band could use the uniforms and drill at the football games. Joe Morledge reported on it, and stated that the band would appear in uniform this Saturday night, but as it was not sufficiently well-practiced to drill. Mr. Martin brought up a report on absence in the council.

**Dance Committee Profits**

Joy Whitlette brought up the question of the Dance Committee’s making up all of the profits of all dances given by any Rice organization. The Constitution merely says that each member of the Dance Committee is to get 5 per cent, but not exceeding $5.00 each, and that was not sufficiently well-practiced to drill. Mr. Martin brought up a proposal for absorption in the council.

Battle of the Backfields Looms After L.S.U. Line Run All Over Rice, Texas Ditto Southwestern

By Bob Mivils

Stillsmarting from a decisive drubbing received at the hands of the L.S.U. Bengals, the Rice Owls, this Saturday, will attempt to hit the comeback trail against the likewise hapless Southwestern Owls. But Bob there will be out for blood when they clash this Saturday—having lost so much last week.

The Owls forward wall was like a sore against the powerful Stowers last Saturday, and with the way the Rice line has been performing to date, this pigeon tandem should see the backfields at this game, too.

It’s my guess that you’ll witness the biggest spectacle in running plays by our boys, plays that will have been improved by our week’s blocking.

As Southwestern have reported to be woefully weak against aerial assault, Mason should be able to find many a target some Saturday night.

So everyone pile out Friday evening. Saturday night, for the Rice Owls are due to clash with the Owlets of I. F. Allen, 135-pound, former Argus big star, and he may give the Owls no little trouble, judging by the way he showed against Texas.

The only change, if any, in the Rice line-up will probably occur if Arnold’s excellent play last week gives him the nod at one of the end spots. Also a slight change in the backfield may have Red “Atoni” picking up his bugle along with Norrie, Mason, and Kennedy.

**Dance Committee Plans Sat Nile Hop After Big Game**

The Dance Committee has planned a Field House frolic for all Riceletics and Southwesternies after the game of tonight. The Student Council has voted that the Student Council will be paid only for the dances given by any Rice organization. Red “Atoni” is in the saddle along with Norrie, Mason, and Kennedy.

**Lack of Tired Owls Give Baton Rouge Big Whirl**

By L. B. K. and C. D.

Late Saturday night a student from Red Stick, Louisiana—Little town right across the Father of Waters—hated and toil and sweat, but now and then, he gets tired and then he wastes the baton boys who heard Morledge over the radio.

The hotel people thought we were funny, but we were sure tired and went back home to spend more than just Christmas day with their family. We have been able to allow Houston and neighboring townspeople to round out the Yule tide season with Christmas spirit while we have been playing these old songs at the juke box.

Whether or not the next term will begin in March or the following week (Continued on page 3)}
Now that the student body has waked up to the fact that pop rallies, etc., are fun and that more and bigger ones in the future will be even more fun for all concerned, it is the faculty also wakes up to the same facts. True, it is with faculty consent that these affairs go on, but matters should go farther. Not only should consent be given, but also a wish for the same.

Instead of handing down rather apathetic assent to the students' attempts to give expression to a genuine love for Rice, and to restore and continue its traditions, those in power in the school should take part in them. Such participation would probably make possible a closer but less obnoxious supervision of safety measures and at the same time bridge the all too apparent gap between administration and students. Is it so impossible to see that reccominations after an event are of no avail whenever a little mutual understanding beforehand can be of immense value?

As we commented last week, we are heartily in favor of the new recognition of the collegiate spirit, which seems to us to improve things for Rice. An excellent faculty is entirely helpless to keep a school on the map if the student body of the school takes over. Instead of increasing. And the fact remains that students are not eager to come to a school which does not officially encourage anything except sports.

**SECOND GUESS**

By Ross and Shirley (column editors)

We've tried to give the bes-

fit of any doubt we might've had in the previous week. We've SCW crowns, but after the 45-0 defeat at the hands of Navy we can say it for granted.

Ron, Barnum, and King (column editors) We're told that SMU, Georgia, and Navy won. Our congratulations this week go to Wake Forest with a big upset over Duke. Navy finds a very able opponent in the high-flying Owls.

I would like to correct a statement made last week's issue concerning the match in which we were firing a match with North Carolina. It was 2 weeks ago that we fired against North Carolina, and we are proud to say that we won a score of 302 to 910.

The next week's match with South Carolina we shot both rifle and pistol. Their scores have not been returned. I'm sure our marines chalked up the following scores:

With the teams: Spurrier G. K. 184; Watson J. B. 184; Maas L. W. 179; Beck A. W. 184; Porter L. D. 178; giving a total of 401 out of a possible 500.

The pistol scores: Ferken S. L. 184; Jordan L. 144; Kenton J. J. 177; Sullivan H. C. 184; Hatam L. D. 181; totaling 719 out of a possible 800.

The rifle scores will be published as soon as we receive them.

Chief Farmer is very proud of his rifle. The score that he shot there 100s there is a great choice of winning. Although we have not published the scores they stand a bit of improvement and that is expected. We hope that they will be 180 or better before we could expect them.

Six of us have been practicing and are sure that a 190 and a 200 will win every match. However, we cannot say for sure that something is going to improve, and one we can enter with confidence toward winning.

**Seacoast Predicts**

McAndy Predicts

We pulled out last week with a percentage of 85.2 per cent. We're hoping to bring it up to 90 percent this week with the following predictions:

Friday night Georgia plays Miami, and we give Miami a definite edge over Georgia. Miami has too much for Georgia this year.

Georgia turns back a strong Arkansas team with Pond as long as the backfield's, G/M, and O/M over.

Up in the Midwest we have Ohio State playing Notre Dame. We give Notre Dame a comfortable win.

Bengal Veterans Run All Over Owls

By Hoot

What at first appeared to be a evenly matched contest turned into a win for the Owls in a rout of a rout as a rout of a rout. We pick N. D. to win.

A&M plays Wake Forest. The Army rolls on with a big victory over Navy.

The Rice Terrace Saturday night was the setting for a truly grand dance sponsored by the OWLS and Rally-Clubbers. The banquet preceding the dance started off with a bang, with speeches and introductions—by Corbett and Goodsaides, and delivered by Ensign Jopo Anthony.

In the present, the OWLS pledged by Rally-Club physicians, John Whittington. Each pledge was given a 5-cent ballyhooed, worth the whole of the length of the ballroom through aides made by white streamers.

Spots caught each girl as she made her way to the platform where a group picture was made. All the OWLS gave night shadowy shadows, especially Patty Alfart, who dressed those long, low whistles, and Neta, who was waiter as ever. Looking pretty as ever were Maidel, Alpha, Betty, Mary, Ellys, Loa Mor-gan, Peggy, Iris, Ann, Bettye Martin, Sara Lu, and Marilyn. A very effective end was produced by the pledges dancing with their Rally-Club counterparts, including Maudruy, Jenny, Howard Smith, Marsh, Jack, and Lucy. On the whole, credits go to these two clubs for such a wonderful dance.

Kittelton discovered the fact that the key to the best mid-season room filled every other one in the place (it was real modest!) so she and Landrum went snooping around in the middle of the night. Bellsi lost his voice, but Ellis kept hers, amazing enough; she was getting in training.

Several LSU freshmen were seriously thinking about enrolling in Rice after a visit at Pat Stevens's. Phil Cypher reports that McLeish takes no back steps. There's another guy in creation—then remember names?

Mary, Many, and others

Another Rice junior stole a glance across the ballroom, and the young man proposed. His name was Jerry Smelz, and numerous others supposed the same thing, the game, the fun afterward, the free wine-sipping, and the gay spirit echoed on by good natural hosts made a hang-up affair.

Oh, yeah! We finally found out about Iroquois. It doesn't mean anything. It's the name of an old Indian tribe. See ya' in Austin.
