Welcome Grads!

Homecoming Message

At the moment the most moving thing to me about these homecomings is how rapidly the times recur and the numbers increase. There are assembled today former Rice students and graduates of the nineteen teens, twenties, thirties, and already the forties. And we have begun looking forward to the fifties. But you are all still young. Your ranks were early invaded by the first world war. They have been broken up by the second. We had in a greater full memory those who will never return. Their glory is yours and ours. They are forever of our fellowship. In any case, they are again on the home front today, sharing our greetings to you and your good will to us on another autumn homecoming.

You and they were fighting for the foundations of Western Civilization. The family, as we think of it, is the first and foremost of these foundations. Whether in times of triumph or of trouble, the first place we of the West think of and turn to instinctively is the old family home, be it stately or lowly, on hilltop or prairie, by quiet country lake or city thoroughfare. By time and tradition, the old college becomes at once a family and a home. These metaphors pick and mark the threads, warp as well as woof, and weave the magic web of colleagues. And they harmonize in color, pattern, and texture its sentiment, fairness, mindlessness, courage, loyalty, and comradeship.

These qualities are in root, branch, flower, fruit, and seed amongst us and our rivals, in their conviction reality no less than in their idealism. Off and on for five and twenty years Razorbacks and Owls have professed the idealism and have proved the reality of the spiritual values in college life. We have witnessed their exemplification at one homecoming after another. And we are now, in Fayetteville, and then in Houston. In the matter of winning, Rice and Arkansas have had their ups and downs, but they have always remained friends. Nor have they, or we, ever failed to say, may the better team win.

New President

The Architecture Society of the Rice Institute regrets to inform the general student body that due to a dastardly twist of fate, completely beyond control of mere mortals, a prominent architect, Bob Maurice is their new President.

To add to this earth-shaking catastrophe, the Society by unanimous resolution chose to retain Annette Rice as Treasurer, &c, turn to Sadie Hawking. Despite this altogether distressing deficiency, we turn to Sadie Hawking. The absence of students and graduates of the nineteen teens, twenties, thirties, and forties will be in charge until the election of a new President November 26.

Rice-Arkansas Football Game

To Highlight Ceremonies Which Will Begin At Founders Tomb

The first homecoming since the war has been planned by the alumni for this weekend, to be highlighted by the Rice-Arkansas football game Saturday afternoon, announces Carl M. Knapp, alumni president.

This will be a real postwar homecoming since the seating situations on travel have been removed, and since many plans have been reduced from service. Therefore a large attendance of students and graduates, especially from out-of-town, is expected to be present for the scheduled activities here in Houston.

The two-day program begins with the traditional laying of a wreath at the foot of the Founder, William Marsh Rice, at 5:30 labay afternoon, November 5. A luncheon for present students as well as alumni will be held at 5:15 behind West Hall, and the annual business meeting for the alumni will follow at 7:30 at Aunt House.

The activities on the calendar for Saturday, November 6, will commence at 2:30 with the Rice-Arkansas game.

Convictions of Two Made By Honor Council Recently

During the past week, the Honor Council has received accusations against four Rice students. After careful consideration of the presented evidence, two students have been found guilty of violating the Honor System.

In one of these cases, the violation was due to the student's misinterpretation of the pledge. The Honor Council would like to emphasize that each student is not only on his honor to refrain from signing his pledge falsely, but also primarily to cheat.

The student who cheats and signs his pledge is guilty of perjury and is subject to expulsions. But students who cheat even though he does not sign his pledge is also guilty of breaking his honor.

One of the accused upon hearing the charges pleaded guilty. The minimization of punishment was recommended.

Another student was unalterable.

Well, what if Sadie Hawkins day behind us? And 'da Awesomeness, successfully escaping Daisy Mae once again (doubtlessly a pure case of mental deficiency), we turn to Sadie Hawkins day at the Institute where we hope tomorrow and Rice girls will still rise girls.

Despite this altogether distressing event we are glad that our girls are gainfully employed. In their own Li'l Abner and dragged them (somewhat badly) to the Club Vince-Vera, the Grimmed Gambol. On to Attend the Student Council To Meet in Special Session Today

A student council meeting was held Tuesday, November 6, in 801, Mariel Wicks, vice-president of the Student Association, presided, and was in charge until the election of a new President November 26.

It was found that no member of the Student Council is on probation, but Howard Smith would be unable to attend meetings on Tuesday. The Council was unable to change the meeting time, but any activity was left until Howard had been consulted.

The election was discussed and Johnelle Morrow was appointed head.

**Homecoming**

This subject is an annual one—and has been handled in many ways. It is our one chance to say “welcome” to the many exes who will return to the familiar campus scenes over this week-end. We take this opportunity to express our joy at the prospect of seeing them again among us.

We extend sincere greetings to those who return, and thank them for their part in the building of Rice physically, and in spirit. In them we can see ourselves as we will be in the years after our own graduations. Let us attempt to continue this task of building which they have started and carried on so faithfully.

But our thoughts at this Homecoming are not only of those who are back at Rice, but of those who could not come home. We would especially remember on this occasion those who are away in the service of our country, and the Rice men who gave their lives in that service.

Welcome grads—and thanks!

**HEADS GOT TOGETHER**

RESULT: MORE TRANSCONTINENTAL TELEPHONE CIRCUITS

With wire scarce and wartime culls increasing, telephone engineers made existing pairs of long distance wires carry nearly four times as many calls as before. This was done through installation of additional carrier equipment, requiring closer spacing of the wires on the line and transpositions at shorter intervals. Three pairs on the Southern Transcontinental Route were rearranged, and in a 430-mile section this had to be done while keeping the urgently needed wires in service all the time. To do this, new tools and new methods had to be devised in the laboratory and in the field.

This is another among many examples of how Bell System teamwork and engineering skills maintained telephone service under wartime conditions.

High-flying Owls

By Bob Niville

Fresh from a well-earned victory last week, the Owl eleven turned back the Red Raiders of Texas Tech 13 to 0 behind 17,000 thrilled spectators here Saturday afternoon. Despite the score, winning quarter staged by Wally Schlinkman and company, our boys never let the outcome seem in doubt as they racked up two touchdowns, one each half, and a third quarter.

According to the Red Raider's opening march, the Owls took the situation in hand and began manning Tech's goal line and again before they scored their first marker. The boys got the break they needed as they were racing against the clock when Movers, Tech and, get off a solid punt that came to rest on Tech 51.

Then the parade started with Shelton out but the Raider's right side for 11 and wound up with Walmesly taking it over with a Walsey fumble from the two. The scoreboard added 0 to 0 as Nenier's try for point was blocked and the half was over.

The Owl eleven followed right up in the third period with another touch to let Movers' boys know that we still had some unfinished business to tend to. This was in the form of the most spectacularly played game when Hussy Kerney, who would have made Travis proud to be named, moved over the Tech right guard and galloped 70 yards for the touchdown after eluding the Tech secondary, with a nearly crowded him into the sidelines.

This time the kick was good and the score now stood 13 to 0. From then on it was mostly a seesaw between the boys that marked with neither team maintaining a sustained offense.

Although the Owls had little difficulty in truncating the Raiders, the victory was still costly, for Don Anderson, Rice's most outstanding offensive and defensive star was helped to the sidelines with a knee which was later found to be broken.

McAndy Predicts

By Bob

The week's calendar brings up some pretty tough one to predict, but here goes:

Army over Notre Dame—by one

Navy over Michigan—those sailors have too much power for the Wolverines.

The Northwestern Wildcats will get by the Badgers of Wisconsin, Ohio State over Pittsburgh.

Purdue over Iowa State—Fighting Owls out of the NFL this time.

Iowa over Indiana—may be that Iowa has been patient.

Mississippi over LSU—wonderful game.

Ohio State over Pitt—will be a tight one.

Marquette will beat Kansas.

AIEE, under President Bill McAndrew, announced that the AIEE will be a dinner dance for members sometime in December.

ARMY, A.F. and Navy over Tulsa—those sails have been tight of late.

For the first time since last year, defeat of Texas, a spirit of optimism hangs over the campus. Once again a Blue and White team is in action, and in this contest the Porkers, in the annual homecoming game Saturday.

Fresh from wins over Texas and Texas Tech, the Neely eleven is ready to face the conference power, who were swamped 34-0 by A&M last week. For the second time in a row, the Porkers will be here Saturday to take orders. The committee on the schedule, all of them conference games. The first home is against the spectacular Arizona team. The home game is Arizona, the second Arizona, and the third Arizona.

**Ave Maria Club To Hold Important Meeting Tonight**

Tonight at the Varsity Room of College Inn will be the first meeting of the Ave Maria Club this academic year. This is a very important meeting which will begin at 7:00. All members, old and new, are urged to attend.

The main purpose of the meetings is to introduce all the new students and let them become really acquainted with all the rest of the club. Father Lane will give Benediction before the business meeting. After that will come the social meeting, greatly aided by refreshments.

These meetings are wonderful opportunities, bringing to everyone the chance of meeting right here to the club. The speakers bring instruction and entertainment to the meetings.

Increasing the knowledge of and strengthening our Faith are the purposes of all the meetings. Communion Sunday for the club is the third Sunday of every month.
