Red Raiders Tough Opponent For High Flying Rice Owls

Highlight of the week's Homecoming festivities will be the exciting football game between the Rice Owls and the University of Texas Longhorns. The game will be held at 3:00 p.m. on Saturday, November 25, at the Rice Stadium in Houston. The Owls are favored by many to win, but the Longhorns are a tough opponent. The game will be a test of the Owls' ability to perform under pressure.

Campus Religion

As students, we are actively engaged in increasing our mental knowledge of the material world; but as citizens and future citizens of a troubled world, we must not neglect the development and understanding of moral and ethical principles within our own experience. This is a world in which moral and ethical progress has not kept pace with scientific progress. At such a momentous time in history as now, we should all make sure that we are spiritually as well as mentally knowledgeable of the material things; but as citizens and future citizens of a troubled world, we must not neglect the development and understanding of moral and ethical principles within our own experience.

The only way to bring peace and prosperity to the world is by developing the moral sense of responsibility of leaders of the world, and the best way to start this is to begin with ourselves. We should all make sure that we are spiritually as well as mentally ready to face this old world.

We hesitate to cry "Back to Religion" for fear of sounding hackneyed, but this is what this plea really amounts to. On the other hand, we are all students and are actively engaged in increasing our mental knowledge of the material world, and the best way to start this is to begin with ourselves. We should all make sure that we are spiritually as well as mentally knowledgeable of the material things; but as citizens and future citizens of a troubled world, we must not neglect the development and understanding of moral and ethical principles within our own experience.

In a class above all other classes and definitely undefinable are Sporting News and Broad Boat. They are as close to the soul of the school as the heart is to the body. But of the whole, peak of the C-problem is against them.

Ode No. 2: "Love me or leave me."

E.B. Matthews: "To be, or not to be, that is the question."

Joan Point: "Where there's a will, there's a way."

For the second week, the defending National Championship NROTC Rifles Team from Rice, led by Bob Foley, Hiram Walker, and Grok, was off the mark in a hard fought tussle by a score of 7 to 6. The Frogs outplayed them offensively and defensively, and with Jack Wolcott turning in a fine performance at the long position, the Rice defensive game that showed the University of Texas Shorthorns 7-7 in a hard fought tussle. The heavily favored Shorthorn version was called back as Texas was offside, and Ellis tacked the board. Ellis was called back as Texas won an all-time record of 18-0, and the stage was set for another Texas U. triumph along with the Rice defensive game that showed the University of Texas Shorthorns 7-7 in a hard fought tussle.
