Petition Due March 21
For All-School General Election Of March 31

General elections will be held March 31st, Anne Brown, chairman of the election committee, announced Tuesday. The ballots will be distributed in school classes and the Student Association office for next week. The results of the election will be made public at a meeting next week.

Petition for Queen of First Rice "Roundelette"
On Monday, March 17, from 6:15 p.m. to 9 p.m., in the Student Council building, Anne Brown, chairman of the election committee, announced Tuesday. The ballots will be distributed in school classes and the Student Association office for next week. The results of the election will be made public at a meeting next week.

General Bradley Says Veterans Make Best Grades

Mr. Wernhein, a graduate engineer and chemical engineer, addressed the Senior Honors Society at the University of Goettingen, That was his 20th year at the university. Mr. Wernhein is well known as a consultant.

Mr. Wernhein was bom in Columbia, S.C., was educated at the University of Columbia, and received his degree in chemical and mechanical engineering. Mr. Wernhein is the director of the Engineering Society.

Mr. Wernhein was bom in Columbia, S.C., was educated at the University of Columbia, and received his degree in chemical and mechanical engineering. Mr. Wernhein is the director of the Engineering Society.

Mr. Wernhein said that veterans consider college a great experience and an opportunity for self-improvement. He also said that veterans make better grades than non-veterans.

7 A SYMPHONY CONCERT recently we went unpreparedly to a concert, and fell in love with music. The pair evidently had enjoyed a night of good music. The pair evidently had enjoyed a night of good music.

There is a definite need among American educators, particularly in the so-called "elite" schools, to develop more than a specialized sense of what constitutes "music." The development of a broad understanding of music is the result of an all-around education. The development of the American educational system has been based on the assumption that a broad understanding of music is the result of an all-around education. The broad understanding of music is the result of an all-around education. The broad understanding of music is the result of an all-around education.

A recent example of this increasing trend is the change of name from "Westminster College" to "Amherst College." The change of name has resulted in a broad understanding of music being taught to the students. The plan that followed has been as follows:

1. To give to students a broad general education in music.
2. To develop the intellectual power of the students.

Music and the Performing Arts students will take only four music courses in all. All course requirements are combined into one freshman course while a sophomore course is given; and an upperclassman course is added for juniors and seniors. This course will be known as the "Concerto," and will be required of all freshmen.

The new plan at Amherst will practically do away with music courses for students; only after students have satisfied the following conditions will they be allowed to enroll in any one of the four music courses.

The music courses will be based on the following conditions:

1. The course must be taken by the student, and by all students.
2. The student must be able to read music.
3. The student must be able to play an instrument.
4. The student must be able to sing.

The plan will mean that Amherst will now be able to give a broad understanding of music to its students. The plan will mean that Amherst will now be able to give a broad understanding of music to its students.

As the first notes of the delicate string played, she thought the man playing those instruments was perfectly timed, because the pair fell in love with music. The pair evidently had enjoyed a night of good music.

Finally quieting down, she asked the conductor and other music lovers how they could fall in love with music. The pair evidently had enjoyed a night of good music. The pair evidently had enjoyed a night of good music.

The conductor explained to her date, "Even the best recording of that at home.

Finally quieting down, she asked the conductor and other music lovers how they could fall in love with music. The pair evidently had enjoyed a night of good music. The pair evidently had enjoyed a night of good music.
