A Sign of Hope

Last week there was exhibited a sign of hope on the campus.

Hope for what you say? Well, none set it here for the United States. Others would have it set here for the United States. What it boils down to is what is all important to the people of the world.

This hope showed itself in the form of an awakening. It seems that most knew that Mr. Truman would speak to the nation on the eve of the most momentous occasion in the world's history. Between the two, all knew of the importance of the occasion.

The THRESHER's Stand

In addition to the selection of class and general officers, voters will state their choice on two issues on April 8.

Three choices are open to voters on the subject of charity drives. Our choice favors charity drives and has been endorsed by the student government.

Elections will be held in the usual place and time. Equal space will be given in the next issue so those opposing may state their case.

We stand as opposing affiliation with the National Student Association (NSA). In recent referenda, Texas University, Texas Christian University and the University of Houston voted to remain unaffiliated. We feel that the organization, in view of recent actions, shows promise of deviating from its original goals and is no longer one of the aggressive groups on University of Texas campus.

A short time ago, NSA representing less than a quarter of the student body in the student body, was issuing them to other colleges and universities and used other methods of influencing Congress that are not in the traditional role of campuses. This is not our idea of how a student association should conduct itself.

Those in other colleges opposing NSA affiliation have said that the organization is communist. We have no idea whether or not this is true. But we do know that NSA has in its roster active members from such places as the Young Progressives of America and the American Youth for Democracy, which was organized by the Comintern as the American Communist Party.

There are three choices for voters on the subject of charity drives. One choice favors no charity drives, the second favors only charity drives by student or campus charity clubs. The third has several divisions. Its main statement says that the United States government could be used as a medium of charity.

The THRESHER's Stand is opposed to the latter two positions. We believe the student government has done a good job in the past in encouraging and asking aid from foreign students. We agree with the student government on this point.

Society Department Seeks
In Vain, But Nothing Happens
This Week—End, Except Rumors

By The Society Dept.

"How can we organize another function?" the members are wondering. During the past term, they have conducted events with such regularity that their members have been kept active. This term, however, they have found it difficult to organize anything. They are now considering the possibility of holding a special dance, but they are not sure if they should. They do not want to spend too much money on it, but they also do not want to feel like they are not doing anything.

Record Hits

And here's another great record—

The Owl Outlook by Bob Whiteside

It looks as though Houston baseball is going to have to think twice before they approach the University of Houston. Twice last week the Owls suffered at the hands of the Cougars. The first time was a 15-0 decision last Thursday when the Owls faced a lackluster Austin Peay team.

The Owls Chambers, and the Cougars swept it.

Hunters Win Crown As Top Team of Rice Mural Basketball

Last week the basketball season ended with the last game of the year. The Owls took the final game of the year in a 62-39 win over Texas A&M. The Owls were led by a strong performance from Bobby Cunningham, who scored 20 points in the contest. The Owls are now 10-2 in conference play and are currently tied for first place with Rice.

The Owls are looking good for a shot at the conference title, and the Owls will be looking to continue their winning streak in the coming weeks.

The Owl Baseball Boys Drop Two, Win One

To Conduct Hearings

The council acts in accordance with the by-laws until a case is disposed of. Elections are held in the council for freshmen and other new students. When a student is accepted for registration, he is to sign the honor code. The council will vote to ratify the Honor System. The constitution states, "The Honor System may be modified, added to, or deleted in any way."

Besides conducting trials the duty of the Honor Council is to conduct examinations, conduct self functions. When the charge was over and the witness had concluded his recital, the president of the Institute may exercise his right to the "ooh-la-la". The expression of this is to be repeated as many times as the witness is to be questioned. The president of the Institute may exercise his right to the "ooh-la-la". In summarizing, the Honor Council of Rice University desires all students to be aware of how the Honor Council is to be used.
