Institute Has One of Few Gage Labs

By Dr. John Waynes
Just a few years back when the demand for the entire nation was being fulfilled for total war production it became apparent that many pages used in these industries must be standardized.

But if pages used in the West coast in match with other parts that were manufactured in Detroit, all these pages had to maintain those standards. At the outset of this project there were only a few pieces of this equipment. A recent survey was made in number of years ago. Now there are over 100 of these gages to be set up in its prescribed pattern. The question on the Rice campus was not for the third cheerleader, but for the student association. Jimmy Meyer, with 134 votes for the student association, was declared ineligible on account of holding a full page poll.

Most Sportsman Like School To Receive Trophy and Plaque

"The Battalion," Texas A & M student newspaper, and Jimmie Nelson, co-editor, have arranged for the most novel and meritorious plan yet presented in Southwest conference history. Each year, known as the "Southwestern Conference Sportsmanship Award," foresaw schools whose student body and athletic teams display the best sportsmanship in conference play and observe the greatest number of scholarships and other academic activities. Presented at Rice

The award will be presented for the first time this year at the Southwest conference track meet at Rice on May 15.

The winning school will receive a trophy, to be rotated each year, and a plaque which will become the permanent property of the college.

Representatives from each of the seven conference colleges, a group composed of 16 conference athletic officials and the executive secretary of the conference, are now joining to help select the most sportsmanlike school.

The Rice group, like its counterpart in the other colleges, is composed of Bill Davis, head basketball, and C. P. Council, varsity coach for student athletes; J. E. N. Culp, director of Wilshire Research Jr., executive secretary of the Alamo Student Association; and R. F. Flagg, editor of the Thresher.

Each person polled selects three colleges, and a vote is rendered to determine the most sportsmanlike school.

MORE VOTE — (Continued from Page 1)

The manner of choosing was for Bonner, coach of Arkansas, to select three conference colleges, then the three colleges selected by each of the seven coaches were divided.

The one receiving the three votes of the seven coaches is the school to receive the trophy.

In view of the election committee's rule that in case of violations those candidates would be disqualified, the motion was approved unanimously.

J. R. Porter then made a motion to conclude the meeting. The motion followed to approve all resolutions on the agenda. The meeting adjourned.
