Dance, State Fair
LeadEntertainment

Some 600 Rice students will drop their slide rules and verb wheels today for a mass exodus to Dallas' Cotton Bowl, where the conference darkhorse Owls meet the Meredith-less Ponies Saturday at 8 pm.

TOMORROW WILL be the campus' only unattended holiday of the year—for faculty as well as students, since there will be no Saturday meetings.

Entertainment galore will be in store for Riceites, highlighted by the State Fair of Texas, which reportedly was still cleaning up from last week's TU-OU orgy.

FOR ALL RICE students and their dates, the Student Association will sponsor a dance at the roof garden of the Adolphus Hotel. Tickets are $1.75 to be bought this week, $2 if bought at the door. Set-ups will be sold at a reduced rate. The proceeds from this dance will be used for the Student Association's continued entertainment for intermission of the Homecoming dance.

Music will be provided by a three-piece dance combo, with intermission entertainment by the featured performers at the Adal will be October 28 and 29.

"The Saturday night dance is to be our first victory dance held in Dallas this year," remarked social advisor Buddy Bora. "The second victory dance in Dallas will be being planned for January 1, following Rice's Cotton Bowl victory."

SLLS 'Johnnie'
Now Rehearsing;
Cast Announced

Telephones for the SLLS production of "Johnnie" are now well underway, and a bit of the plot has been unveiled. Performances will be October 28 and 29.

"Johnnie" is the story about a sweet young thing (Laurenza Bohen) named Julie who falls in love with a tough guy who's not really so tough, Johnnie (Tom Morris).

Tom Morris, the star, is out of school at present and has had professional experience in singing and acting roles. He has been highly praised by Nina Vance, director of Houston's Alley Theatre.

Others for the production of "Johnnie" are: Ray mond, Merton Young; Harry Pete Shimada; Zippy, Dade Rosen rector of Houston's Alley Theatre, highly praised by Nina Vance, director of Houston's Alley Theatre.

By LAWRENCE ELZEY
THE traditional opening of the university's doors to parents of freshmen is set for the morning of Saturday, October 29, which has been designated as Parent Orientation Day. As has been customary, the junior class, acting under the auspices of the Student Senate, has charge of this event.

BETWEEN 400 and 500 parents who have found themselves to be parents of Rice Freshmen are expected to take part in the planned activities. Starting early Saturday morning, because of the football game with Texas Tech that afternoon, the parents will meet in the Grand Hall of the Rice Memorial Center at 9:15 to hear speeches by Dr. Carey Croft, Provost of the University, Dr. George Holmes Richter, Dean of the University, and Dr. LeVan Goffie, Dean of Engineering.

ALSO HARRY LYNCH, President of the Student Senate, will speak on the student government; Roy Nolen, President of the Home-Coming System, and Jim Rhodes, President of the Junior Class, will welcome the visitors. According to Larry Moore, chairman of the Orientation Day committee, at approximately 10:15, the parents are scheduled to hear two typical freshman lectures, one by Dr. W. H. Master son of the History Department, and another by the Campanile will take pictures for these pictures to be made.

THE COLLEGES will supervise the division of the student seating area, which will include the bleacher sections of the main floor. Faculty members, members of the President's party, Student Senate officers and college Praelisters will enter the field house in an academic procession, which will be seated on a special platform for the Convocation. At 5:30 pm all gates and roads loading into the University will be closed. No movement of cars will be allowed on the campus after 7 pm.

ONE THOUSAND tickets will be distributed among faculty members, students and University employees. Rice alumnus has announced. Additional tickets, while 914 tickets will be given to the Board of Governors, the Association, and their guests.

Tickets, Seating Arranged
For Eisenhowers Speech

Arrangements for President Eisenhower's address before a Special Convocation of the University on Monday, October 24, near completion this week.

Undergraduates will be admitted to the Convocation upon presentation of blanketed tickets. The colleges will supervise the division of the student seating area, which will include the bleacher sections of the main floor. Faculty members, members of the President's party, Student Senate officers and college Praelisters will enter the field house in an academic procession, which will be seated on a special platform for the Convocation. At 5:30 pm all gates and roads loading into the University will be closed. No movement of cars will be allowed on the campus after 7 pm.

Deadline Nears On Wilson Fellowships

Seniors planning to enter the teaching profession are eligible to be nominated for a Woodrow Wilson Fellowship. The nomination deadline is October 31.

Consisting of a stipend of $1200, the fellowship may be used for the first year of graduate study in liberal arts and sciences in any university in the United States or Canada. After being nominated by a faculty member, the candidate must submit his application to a regional chairman. Candidates' interviews will be held by a screening board in January, 1961, and 100 fellows will be selected.

### This Is A University

On Thursday night of last week two Rice professors and fifty students, most of them from Rice, gathered in the RMC’s Hall to discuss with Dr. Malcolm Diamond, a distinguished young professor of religion at Princeton, some of the problems of man's various attempts to explain his existence.

This is a university.

Dr. Diamond and his equally outstanding successors in this year's chapel series are the results of an excellent attempt by the Religious Council, and Dr. Niels Nielsen in particular, to stimulate the academic and spiritual atmosphere befitting a university.

On October some 400 sleepy-eyed Riceites turned out to hear Dr. Diamond exchange his platform with the Grand Hall and Sunday’s classes. The hour of voice of some classroom struggling through "My Funny Valentine," while the usual nightly crowd of the faithful sipped coffee and discussed lab reports, the eternal date problem, and the World Series.

This, too, is a university.

Dr. Diamond exchanged his platform with the Grand Hall and Sunday’s classes. The hour of voice of some classroom struggling through "My Funny Valentine," while the usual nightly crowd of the faithful sipped coffee and discussed lab reports, the eternal date problem, and the World Series.

FIRST RICE GIRL . . .

The first woman student ever to matriculate at Rice has made
its completion three years ago,
her and to her family from
location of a women's dormitory
attachment to Jones College" and
since then. The necklet itself, a
ient about fourteen years ago and
acquired the necklet from a pat-
the hospital in their homes,
known her wish to leave an anci-
t Egyptian necklet to the Uni-
Edgard Odell Lovett, then presi-
dent, showed the plans and the
Mill's life insurance will go into
the Nellie May Mills Assistance
Fund. Also the money from Miss
out on the necklet so that if it is
sacred scarab from the tomb of
pharoahs, is estimated to be over
2400 years old.

Although she was unable to
complete her studies at Rice, the
school has always been dear to
Miss Mills and she boasted of
her "grandchildren." In 1919, Dr.

Why college men choose careers with Du Pont

Every year, several hundred new college graduates choose Du Pont. Many Masters and Ph.D.'s do, too.

From time to time we learn from recent graduates the factors which led to their decision to join this company. They cite more than half a dozen reasons. Here are four of the most important:

OPPORTUNITY AND RECOGNITION

They were aware that college-trained beginners go right to work with men who have achieved.

For example, research chemists work with individuals who've done successful research. New engineers work with pros, some of whom have designed new plants, or devised new manufacturing methods, or distinguished themselves in some other way. And other graduates, with B.A. or M.B.A. degrees, go to work with leaders who've been successful in Sales or Advertising or Treasurer's, or another of Du Pont's many departments.

Research creates new products;
new products create new jobs

Men like working for a company that believes in research, enough to invest in it...$90 million a year!

The fact is that important new products come from Du Pont laboratories and go to Du Pont manufacturing plants with frequency.

Here are but a few since World War II: "Orion" acrylic fiber (soon after the war), then came "Delrin" acetal resin, "Mylar" polyester film, "Lucite" acrylic lacquer and "Dacron" polyester fiber.

These, and many others, have created thousands of new jobs...in research, manufacturing, sales...in fact, in all Du Pont departments.

Du Pont Backs Employees with huge investment

New graduates feel that every facility is provided for doing the job well.

Last year, Du Pont's operating investment per employee was $32,500. Since much of this was expended to provide the most modern and best of equipment to work with, it further increases the chance for individual achievement.

This applies to men in lab, plant and office.

Du Pont provides steady employment

Career seekers appreciate the importance of security.

Today, the average annual turnover rate at Du Pont is less than one-third that of industry nationally.

These, and many other reasons, draw new talent to Du Pont each year.

Prospective graduates, M.S.'s and Ph.D.'s interested in learning more about job opportunities at Du Pont are urged to see their Placement Counselor, or to write direct to E. I. du Pont de Nemours & Co. (Inc.). They should tell us the course they are majoring in so we can send literature that is most appropriate.

The Smart Money Earns 4%-4 times a year

The Smart Money will go right into Du Pont's retirement plan.

The Smart Money will earn dividends on its investments.

The Smart Money will grow on taxes and investment earnings.

The Smart Money will earn more than $600,000 in dividends from Du Pont.

CHESTERFIELD, L&M and OASIS invite you to the
Arkansas-Rice
Game Contest!

Pick up a pack and take a crack at the big game. If you are the only one to come up with the correct half-time and final scores, the first prize jackpot is all yours. If there are ties, you share the money. The same applies to winners of the second and third jackpots. Enter as often as you like... and to make it easy, use the backs of packs as your entry blanks. So each time you finish

HERE'S ALL YOU DO TO WIN...

1. Predict the final score for each team.
2. Predict the half-time score for each team.
3. Use an empty pack* as your entry blank.

JUST PREDICT THE SCORE AND WIN UP TO...

$300
FIRST PRIZE JACKPOT
$150
SECOND PRIZE JACKPOT
$50
THIRD PRIZE JACKPOT

FOR THE STUDENTS AND FACULTIES OF THE ABOVE COMPETING COLLEGES ONLY!

READ THESE EASY RULES...

1. On the coupon below or on the back of an empty wrapper or on a slip of paper, select the Winner of the above game. Predict the final team and the half-time score (predict ties if you wish). Each entry must be accompanied by an empty wrapper from L&M, Chesterfield or Oasis cigarettes (or a single hand-drawn copy of an empty wrapper). Only one entry per college student. Employees and members of their families, Liggett & Myers Tobacco Company and its advertising agencies are not eligible to participate. Only one prize per family.

2. Mail entries to Liggett & Myers, at the address appearing in coupon below. All entries must be postmarked by midnight the day prior to date of game and received at the above P.O. Box in New York by midnight November 4, 1960. Entries must be postmarked no later than midnight October 31, 1960 and received at the above P.O. Box in New York by midnight November 4, 1960. Entries must be postmarked by midnight the day prior to date of game and received at the above P.O. Box in New York by midnight November 4, 1960. Entries will be divided equally among contestants tied for the respective prizes.

3. The contest is under the supervision of the Bruce, Richards Corporation, an independent judging organization, whose decisions are final and binding on all contestants. Any employee of the Bruce, Richards Corporation and its advertising agencies are not eligible to win.

4. All entries become the property of the sponsor, and none will be returned.

5. This contest is open to the college students and college faculty members of the above competing colleges. All members of their families, Liggett & Myers Tobacco Company and its advertising agencies are not eligible to participate. Only one prize per family.

6. All entries become the property of the sponsor, and none will be returned. Winners will be notified by mail. A complete list of winners is available to anyone sending a stamped, self-addressed envelope to the address below.

7. This contest is subject to all Federal, state and local laws and regulations governing contests and their validity.

START SAVING PACKS NOW!

The more often you enter...the more chances you have to win.

Oasis—Most refreshing taste

Liggett & Myers Tobacco Company

ALL ENTRIES MUST BE POSTMARKED NO LATER THAN MIDNIGHT NOVEMBER 4, 1960 AND RECEIVED AT THE ABOVE PO. BOX IN NEW YORK BY MIDNIGHT NOVEMBER 4, 1960.

Submit as many entries as you want on the backs of empty packs." On each one print the team names and scores with your name and address as shown above.
Austin Seminary Theologian
To Speak At Chapel Thursday

Guest speaker for this week's chapel service is Dr. Dietrich Ritschl, Associate Professor of Historical Theology, Austin Theological Seminary. Born and educated in Germany, Professor Ritschl is the logical Seminary. Born and educated in Germany, Professor Ritschl was in Budapest and Deaconesses in Scotland from 1952-58. He has also been a special lecturer in Budapest and Deaconesses in Scotland from 1952-58. 

Chapel service will begin at 11:30 am and will be followed by a meeting period in the Grand Hall. Klaus Speer will again present organ meditations by a discussion period in the Grand Hall. Klaus Speer will again present organ meditations. Klaus Speer will again present organ meditations.

Your Invitation to
Hans House of Beauty No. 2

ENGINERS!

SCIENTISTS!

WE'RE LOOKING
FORWARD
TO
MEETING
YOU!

Last year we had the pleasure of meeting many engineering and science seniors during our visit to the campus. As a result of our discussions, a gratifying number chose to join our company.

We'll be back on the dates below, and this notice is your invitation to come in and see us.

If you're interested in joining a company that's a leader in fields-with-a-future, you'll be interested in the advantages Boeing can offer you. Boeing is the nation's foremost designer and builder of multi-jet aircraft. Production is under way on the Boeing space flight. Boeing is also a leader in fields-with-a-future. If you're interested in joining a company that's a leader in fields-with-a-future, you'll be interested in the advantages Boeing can offer you. Boeing is the nation's foremost designer and builder of multi-jet aircraft. Production is under way on the Boeing space flight.

Research projects at Boeing include celestial mechanics, solid state physics, nuclear and plasma physics, advanced propulsion systems, and space flight.

Expanding programs offer exceptional career opportunities to holders of B.S., M.S. and Ph.D. degrees in aeronautical, mechanical, civil, electrical-electronic and industrial engineering, and in engineering mechanics, engineering physics as well as in mathematics and physics. At Boeing you'll work in a small group where individual ability and initiative get plenty of visibility. You'll enjoy many other advantages, including an opportunity to take graduate studies at company expense to help you get ahead faster.

We hope you'll arrange an interview through your Placement Office. We're looking forward to meeting you.

The potential complaint about the price Rice students must pay for football tickets for their non-student visitors has again popped up in some quarters.

In order to reverse some facts on this subject, the Thresher went to Emmett Brunson, Business Manager of the Athletic Department. According to Brunson, the price of football admissions is "a policy of the Board of Governors of the University."

The price of admissions for all spectators at Southwest Conference football games is jointly decided by the administrations of the member schools. This figure is then put into the contract which the two participating schools sign for each game.

The price agreed upon by all conference schools at present is $4 regardless of seat except students and faculty members. Mr. Brunson pointed out that no other charge would be "a breach of contract," no small thing, particularly between institutions.

Only for certain non-conference games do Rice, Texas, and other conference schools sell some end-zone seats at reduced prices. However, there will continue to be complaints about guest tickets at TU as long as the University of Houston sells its students guest tickets to U of H games at Rice Stadium at reduced prices.

By HARRY STELLMAN AND NEAL MARCUS

With a decisive 16-0 victory over the Florida Gators, the Owls surpassed their 1959 record and showed the determination and ability to put Rice in a threatening position for SWC honors.

From the opening kickoff, the Owls held all the cards and proceeded to cash in, as sophomore quarterback Billy Cox completely outclassed Florida’s highly touted quarterbacks, Dodd and Libertore. A hard-nosed defense, led by the King brothers, Simmons, Karam and Burrell gave up only 67 yards rushing to Florida, 15 yards less than the total yards gained by Rice fullback Mike Bowen.

PRESSURE TACTICS by the sidelines highlighted the consistently good defensive efforts of both of Rice’s alternate units, and completely stalled the Gators’ running game, forcing them to the air. But the Owl secondary contained the Gator aerial game and Florida was never in a threatening position.

Although a pre-season quarterback problem was well under control, injuries have suddenly transformed Rice’s strong guard position into a weak spot, as three of Rice’s guards suffered injuries against the Gators. Most seriously injured was Rufus King who returned a cartilage injury and probably will not see action against S.M.U.

AGGRESSIVE blocking and deceptive quarterbacking opened the way for the Owl backs and Rice 146, SMU 3

In its sixth game, the Owls scored 21 touchdowns to defeat SMU 146-3, thus establishing for Rice an all-time SWC record for most points scored in a single game by one team.

Filters for flavor
—finest flavor by far!

Tareyton has the taste—
Dual Filter
does it!

THE TAREYTON RING MARKS THE REAL THING

HERE'S HOW THE DUAL FILTER DOES IT:
1. It combines a unique inner filter of ACTIVATED CHARCOAL... definitely proved to make the taste of a cigarette mild and smooth...
2. with a pure white outer filter. Together they select and balance the flavor elements in the smoke. Tareyton's flavor-balance gives you the best taste of the best tobaccos.
