To Sir

I rec'd a few days since your letter of the 16th instant.

I saw Saunders on the subject. They are not as yet instructed to bring suit against you or securities. Indeed your receipt is still in the hands of Denton.

Saunders tells me, however, that it is signed by you officially. I have sent him an opportunity to see the docket. Saunders will give me notice if anything is about to turn
Up. If any other occurs requiring it I will give it attention & give you family information.

Yours truly,
E. Barker.
