Any expenses shall be paid by the council under whom the officer was serving at the date when the loss arose out of the fund or rate out of which the expenses of the council under the Education Acts are paid, and, if any compensation is payable otherwise than by way of an annual sum, the payment of that compensation shall be a purpose for which a council may borrow for the purposes of those Acts.

The provisions of the Education Acts mentioned in the first column of the First Schedule to this Act shall apply with respect to young persons, continuation schools, and the Education Acts and instruments made thereunder in like manner as they apply with respect to children, elementary schools, and the enactments mentioned in those provisions and instruments made under those enactments, and accordingly those provisions shall have effect as set out and modified in the second column of that schedule.

The enactments mentioned in the Second Schedule to this Act are hereby repealed to the extent specified in the third column of that schedule.

This Act may be cited as the Education Act, 1918, and shall be read as one with the Education Acts, 1870 to 1916, and those Acts and this Act may be cited together as the Education Acts, 1870 to 1918, and are in this Act referred to as "the Education Acts."

This Act shall not extend to Scotland or Ireland.

This Act shall come into operation on the appointed day, and the appointed day shall be such day as the Board of Education may appoint, and different days may be appointed for different purposes and for different provisions of this Act, for different areas or parts of areas, and for different persons or classes of persons:

Provided that the appointed day for the purposes of subsections (1) and (2) of section eight shall not be earlier than the termination of the present war, and for the purposes of paragraph (iii) of subsection (2) of section thirteen shall not be earlier than three years after the passing of this Act, and that for a period of seven years from the appointed day the duty of the council of a county (other than the London County Council) shall not include a duty to establish certified schools for boarding and lodging physically defective and epileptic children.
either omitted or amended certain of the administrative clauses. I introduce a new clause in place of Clause 4, which provided the machinery and procedure for the approval or disapproval of schemes. I omit Clause 5, which provided for provincial associations, and I embody in Clause 6 provisions which will facilitate the federation of local education authorities for certain purposes, which was the governing principle of Clause 5. I omit Clause 29, which provided the procedure for the transfer of the powers of non-county boroughs or urban districts to the county councils. I substitute a new revised clause for Clause 36, which dealt with public inquiries. I omit Clause 38, which dealt with the reference to the Board of Education of certain educational questions. I also substitute for Clause 40 a clause dealing with grants, and providing more specifically for a deficiency grant in aid of education in those cases where the substantive grant does not amount to fifty per cent. of the approved expenditure of elementary or higher education, as the case may be. I have also inserted words in different places in the bill to meet apprehensions of religious bodies who feared that one of the effects of the bill might be to prejudice the position of the voluntary schools and the religious education in those schools, and, in response to certain suggestions which have reached me from other quarters, I have introduced some alterations in the clauses dealing with the attendance at continuation classes, at nursery schools, and also in the clause dealing with the abolition of fees.

and the provision of advice and assistance for the Board of Education and local education authorities, particularly in respect of matters of common interest concerning education which it is necessary or convenient to consider in relation to areas larger than those of individual education authorities, the Board of Education may provide by scheme for the establishment and incorporation of provincial associations for such areas as the Board may direct. Any such scheme shall be made after consultation with the authorities appearing to the Board to be concerned, and shall provide for the representation of authorities and may provide directly or by co-optation for the inclusion of persons interested in the administrative or educational work of the area, and of representatives of universities and other bodies. Any scheme under this section may be modified or repealed by a further scheme, and where a scheme provides for the discontinuance of an association, provision may be made for dealing with any property or liabilities of the association.

(2) Any such association may, if they think fit, with the approval of the Board of Education undertake any administrative and educational functions which may be delegated to them by any local education authority within their area, and any such local education authority shall have power to delegate to the association any such functions.

(3) The Board of Education may, with the sanction of the Treasury, out of moneys provided by Parliament, make to an association grants in aid of any expense incurred by any such association under the scheme constituting the association (including the payment of travelling expenses of members of the association).

(4) A local education authority whose area or any part of whose area is comprised in the area for which an association is established under this section, may undertake to contribute towards the expenses of the association so far as they are not met out of grants by the Board of Education.

(5) The accounts of an association shall be audited as if the association were a separate local education authority, and the enactments relating to the audit of the accounts of local education authorities (including the penal provisions of those enactments) shall apply accordingly.

(2) An order made under this section by the Board of Education shall, unless the council of the county and the council of the borough or urban district concerned consent, be provisional only, and shall require confirmation by Parliament. (3) An order made under this section shall contain the necessary provisions for the adjustment of property, rights, and liabilities as between the borough or district and the county in which the borough or district is situated, and such incidental and consequential provisions as may appear necessary or expedient (including the modification of any scheme with reference to the system of education in force under this Act). (4) The Board of Education may submit to Parliament for confirmation any Order which requires confirmation by Parliament under this section. (2) The Board of Education may order the payment of the whole or any part of the costs of the inquiry by a local education authority, in any case where the inquiry appears to the Board to be incidental to the administration of that authority, and it appears reasonable to the Board that such an order should be made. (3) Any order so made for the payment of costs shall certify the amount to be paid by the local education authority or the applicant, as the case may be, and any amount so certified shall, without prejudice to the recovery thereof as a debt due to the Crown, be recoverable by the Board summarily as a civil debt from the authority or the applicant, as the case may be. (4) Nothing in this section shall affect any special provision of the Education Acts as to the payment of the costs of an inquiry." This is followed in O by a section, numbered 38, which has been dropped entirely from F. The text is as follows: "If any question arises whether any purpose for which any authority having powers under the Education Acts have exercised or wish to exercise those powers is within their powers under those Acts, that question shall be referred to and determined by the Board of Education, and their decision shall be conclusive on the matter." 11 R substitutes "if the inquiry appears to the Board to be incidental to the administration of that authority" for "to whose administration ..., incidental." 41. 1 O and R omit section 41 entirely.
