

Roseby's
letters

Jan 6. 1901

38, Berkeley Square, W.

My dear Mr Hall fair.

I have long read
you my thanks for your interesting
letter. But I have put it aside
to answer it at length at a
more convenient season. Let reason
appears no nearer! But tomorrow
I will try and dictate an answer
and will hold back this note
till then.

Binney
