19. II. 1891

Dear Mr. Hall Caine,

The story of Tanger is fine, and you have undertaken to write it for the Illustrated London News, which is intended for publication in two parts, from July to Sept., and also for reading in the Paper during the three succeeding months and I presume that it shall not appear in any other journal.

It is understood that you are as busy to produce the volume as the days before the conclusion of the story in the Illustrated London News.

Yours very truly,

Clement K. Shorter

Ed. 'Illustrated London News.'
