Many thanks to all who made FUSION2 fu

Professor Kurt Stallmann deserves extra special recognition for believing in the concept of FUSION from the start -- and for helping us bring it to life!

Please remember to show your appreciation for the participating chefs, restaurant owners, managers and staff; the artists and gallery owners; the musicians, composers, faculty and students -- by supporting their efforts in the future. Dine at their restaurants, buy art locally, and don't forget to attend our concerts at The Shepherd School of Music!

Special thanks to our staff and volunteers...
